PART I

JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 16th ecember 1893.

READ :—

Letter No. 1658—177, dated 16th November 1893, from the Inspector General of Police.

No. 9419-20—J. F. 213-92, DATED, BANGALORE, 16TH DECEMBER 1893.

ORDER THEREON.—The foregoing letter purports to be an application for a revision of the scale of Totis and Talaris actually employed in watching High road, &c., given at para 2 of Government Proceedings No. D. 206, dated 24th February 1892. If revised as proposed, the scale would be as follows being 11 Totis fewer and a reduction in cost of Rs. 27 per mensem :—

Name of Taluk	No. of men paid.	Monthly cost now incurred.	No. of men unpaid.
Bowringpet	18	9 0 0	15
Kolar	...	... ...	24
Malur	...	... ...	22
Mulbagal	...	... ...	8
Srinivaspur Sub-Taluk	2	8 0 0	10
Siddlaghatta	...	... ...	17
Chikballapur	...	... ...	32
Gudibanda Sub-Taluk	..	... ...	10
Bagepalli	22	11 0 0	20
Goribidnur	3	1 8 0	10
Chintamani	...	... ...	6
Total.....	45	29 8 0	174

2. The Inspector General's proposal is sanctioned with effect from such date as he may have adopted the above scale.

3. The Inspector General of Police will state when the other statements mentioned in para 3 of the Government Proceedings above cited may be expected.

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Police in Mysore.
The Comptroller in Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 20th December 1893.

READ THE FOLLOWING :—

Letter No. 3723—391-93, dated the 3rd November 1893, from the 1st Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to forward a copy of a letter No. A.—1350, dated the 16th October 1893, from the Assistant Adjutant General, Bangalore District, and to ask that, if no objections exist, instructions may be issued to the Magistracy to report convictions of sepoys to the Commanding Officers concerned.

Letter No. A.—1350, dated the 16th October 1893, from the Assistant Adjutant General, Bangalore District, to the 1st Assistant to the Resident in Mysore.

I have the honor to bring to notice that the Commandant, IVth Pioneers, reports that on or about 1st September last, Private Sheik Hyder, IVth Pioneers, was apprehended by the Local Police on a charge of theft.

2. For the above offence the Commandant learnt, by accident, that the Private had been awarded six months' rigorous imprisonment by the Civil Magistrate, Petta, Bangalore.

3. The Commandant reports that he twice applied to the Civil Magistrate for a copy of the conviction; to the first application he received no reply, to the second he was informed that the case had gone on and that the result would in due time be communicated to him which up to October 13th it had not been.

4. By Military Regulation the man should have been struck off the strength of the Regiment on conviction to 6 months' rigorous imprisonment; as however, no report of such conviction was received by the Commandant, IVth Pioneers, he was unable to carry out the Regulation.

5. I am desired by the General Officer Commanding to request you will be good enough to lay the matter before the Resident in Mysore, with a view to his issuing such orders as he may consider desirable.

No. 9868—J. 839, DATED, BANGALORE, 20TH DECEMBER 1893.

ORDER THEREON.—Communicated to the Chief Court for the issue of the necessary instructions to the Sessions Judges and Magistrates in the State.

T. ANANDA ROW,
Chief Secretary.

To—The Chief Judge in Mysore.

READ THE FOLLOWING :—

Letter No. 240—30, dated 20th July 1893, from the Inspector General of Police in Mysore, forwarding a list of candidates who passed the examination for Police Inspectors and Jamadars held in the month of May last and recommending that the minimum number of marks requisite to secure success may be lowered so that candidates may be considered to have passed who have succeeded in obtaining $\frac{1}{4}$ of the full marks in each subject and $\frac{1}{3}$ of the total number of marks in all the subjects.

Also letter No. 541—72, dated 15th August 1893, from the same, furnishing particulars about the examination as called for in Government Proceedings No. 2656—J. F. 53-92 of the 7th August 1893.

No. 9826-34—J. F. 53-92, DATED, BANGALORE, 21ST DECEMBER 1893.

ORDER THEREON.—The Government observe that it is undesirable to fix a minimum for each subject separately for the proposed 1st and 2nd classes. Para 8 of the Notification, dated 27th August 1892, may be altered as follows :—

Those candidates who obtain $\frac{1}{4}$ of the number of marks in each subject will be declared to have passed in the 1st class, if they have secured $\frac{1}{2}$, and in the 2nd class if they have secured $\frac{1}{3}$, of the total number of marks in all subjects. Candidates not obtaining $\frac{1}{4}$ of the number of marks in any subject or $\frac{1}{3}$ of the total number of marks in all subjects will be considered to have failed.

2. The Inspector General of Police will publish the list of passed candidates in accordance with the Rule modified as above.

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Police in Mysore.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 21st December 1893.

READ:—

Papers ending with letter No. 1333—146, dated 17th October 1893, from the Inspector General of Police in Mysore, submitting a Memo on the prompt disposal of dead bodies on which inquests are held.

No. 9760—J. 833, DATED, BANGALORE, 20TH DECEMBER 1893.

ORDER THEREON.—The provisions of Section 174 of the Criminal Procedure Code are quite clear on the point and seem to Government to be sufficient if they are worked with care and a wise discretion. Where there is no doubt regarding the cause of death and when the investigating Officer (the Village Patel or the Officer in charge of a Police Station) does not for any reason consider it expedient to subject the dead body to further examination by a Medical Officer, there is nothing to prevent the relatives of the deceased disposing of the dead body in due course.

2. The Government rely upon the Inspector General of Police, and the Deputy Commissioners of Districts, by a careful supervision of the action of their subordinate officers and needful instruction, from time to time, to educate them to reconcile the requirements of the law with the convenience of the public.

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Police in Mysore.

READ THE FOLLOWING:—

Letter No. 1279—137, dated 12th October 1893, from the Inspector General of Police in Mysore, to the Chief Secretary to the Government of Mysore.

I have the honor to report that I have arranged to re-open the class for training candidates for Inspectors' and Jamadars' posts, and this time the class will consist of promising young men already in the Police service in the Inspector's or Jamadar's grade, who will receive good training in drill, shooting, photography and survey as well as in the codes and thus become efficient Police Officers combining useful knowledge with experience. A Circular No. 993—33, dated 20th ultimo, addressed to the Deputy Commissioners of Districts, with a view to secure a good selection of candidates, is herewith submitted for the information of Government.

2. It is expected that 3 men from each District will be selected, or 24 for the Province. The Circular proposed to give a moiety of pay to the candidates during the period of their tuition at Bangalore, the other moiety being reserved for their *locum tenens*. But from the unanimous representations received from District Officers, it appears that men in service who are fit to be admitted into the training class are very reluctant to go to Bangalore on half pay which will be quite insufficient to maintain them. Moreover, the other moiety will, in many cases, fall short of the pay of a Lance or last grade Dafadar and as such fail to attract competent men to officiate. Under these circumstances, it is feared that the scheme which promises to materially improve the men already in the Police service will not work satisfactorily unless some facilities are given to the candidates to enable them to go to Bangalore, and reasonable pay offered to the officiating men.

3. On a full consideration of the question, it appears to me fair and reasonable to give the candidates under training full pay without horse allowance during their stay at Bangalore and to sanction Rs. 15 equivalent to the pay of a second grade Jamadar, to the officiator together with the horse allowance available for the appointment. This arrangement, while giving a sufficient allowance to the candidate, also provides for his *locum tenens*, at minimum cost to Government. The extra cost involved would be Rs. 24×15, or Rs. 360 per mensem and as the course of training will last from 6 to 8 months, I request Government will be pleased to sanction an expenditure of Rs. 2,160 to Rs. 2,880 for this purpose, the charge being met from General Savings in the Police Budget. Considering the advantages to be gained from the scheme, I trust Government will agree with me that the amount asked for will be most advantageously spent.

No. 9816-25—J. F. 53-92, DATED, BANGALORE, 21ST DECEMBER 1893.

ORDER THEREON.—As recommended in the above Rs. 2,160 are sanctioned for the six remaining months of the current year 1893-94. A similar charge may be included in the Budget of the next two years, but it should cease afterwards as it is hoped that within that time a proper training will have been given to all deserving men already in the force. It is of course understood that no unqualified men will be allowed to get into the force in future.

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Police in Mysore.
The Comptroller in Mysore.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 23rd ecember 189 3.

READ THE FOLLOWING :—

Letter No. 482, dated 25th October 1893, from the Registrar to the Inspector General of Prisons in Mysore, to the Chief Secretary to the Dewan of Mysore.

In reply to your Official Memorandum No. 883—J. 60, dated 14th July 1893, calling for remarks and recommendations from the Inspector General of Prisons regarding the treatment of prisoners under sentence of simple imprisonment, I am directed to state that the proposals made in the Jail conference differ but little from the Rules already in force in the Province as shown below :—

Proposed Rules.	*Rules now in force.*
To be subjected to a minimum of severity. To wear their own clothing unless insufficiently provided, in which case, Superintendent may issue Jail clothing at discretion.	They may wear their own clothing provided it is good and clean and not such as to afford facilities for concealing forbidden articles. He will also wear one light ring on the ankle. N. B.—Para 2 of this rule will be annulled.
Not to be shaved as a part of prison discipline, or undergo any penal treatment.	Their hair is to be kept clean and trimmed, but need not to be cut short, unless for health's sake or at their own request.
To be allowed books and any other indulgences consistent with Jail discipline.	NOTE.—This suggestion will be adopted.
To be allowed to work if they wish it and to select the kind of work and to receive corresponding diet but not to be entitled to any remuneration for their labor.	If they desire to work, the Superintendent will place them at any suitable employment (not penal) along with laboring convicts and will allow them laboring rations.
May receive visits from friends once in three months or oftener at discretion of Superintendent.	No prisoner is to have more than one interview in four months, except for special reasons. NOTE.—"Three" will be substituted for "four."
May not buy their own food.	NOTE.—This rule will be embodied in the Manual. The existing rule quoted below will also continue to be in force. Should any prisoner of this class make application to be allowed his own food or other concession not specified in these rules, and should it be, in the opinion of the Jail Superintendent, a case for consideration, he will forward the prisoner's petition to the Inspector General of Jails, with full explanation. Meantime he may be kept in separation and allowed to obtain food similar to that given to other prisoners of his class. The Inspector General of Jails will not grant special privileges except with concurrence of sentencing court.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),— dated 23rd December 1893.

Proposed Rules.	*Rules now in force.*
Should they elect to work, may come under the Mark system.	NOTE.—This will be adopted.
Nothing in the above is to be held to exempt this class of prisoners from the observance of general Jail Rules regarding order, cleanliness or sanitation.	In all matters relating to health, cleanliness and discipline, they are under the same rules as for other convicts.
Persons sentenced to simple imprisonment are to be kept apart from those sentenced to rigorous imprisonment.	Prisoners sentenced to simple imprisonment are to be kept apart from those sentenced to rigorous imprisonment.

The proposals of the Jail conference in those matters not specially provided for in the existing rules will, if sanctioned, be adopted with effect from 1st January 1894.

No. 9993—J. 846, DATED, BANGALORE, 23RD DECEMBER 1893.

ORDER THEREON.—The proposals made at the Jail conference may be adopted in the manner indicated by the Inspector General of Prisons by alterations of existing rules. The Government would prefer the adoption in its entirety of the Jail conference proposal against shaving as a part of Prison discipline and against any penal treatment. A copy of the rules as finally adopted should be submitted for the information of Government.

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Prisons in Mysore.

PART I

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 12th December 1893.

READ :—

Letter No. 55, dated 21st November 1893, from the Sub-Division Officer on Special duty in connection with Irrigation wells submitting a statement of wells sanctioned and the amounts advanced during the month of October 1893, an abstract of which is given below :—

	Amount promised	Amount advanced
Bangalore District	200	100
Kolar „	650	300

No. 9260—R. 964 DATED, BANGALORE, 12TH DECEMBER 1893.

ORDER THEREON.—Recorded.

T. ANANDA ROW,
Chief Secretary.

To,—The Sub-Division Officer on Special duty in connection with Irrigation wells.

READ :—

Comptroller's Memo, dated 5th September 1893, regarding the revision of his Office Establishment.

MEMORANDUM.

Under Government Proceedings No. 5123-32—Cir. 98, dated 28th July 1891, Comptroller was authorized to maintain an Establishment at a cost of Rs. 100 per mensem for the Check and Audit of Arrack accounts as well as for certifying to the credits shown in the Arrack Demand, Collection and Balance statement prepared and submitted to Government by the Excise Commissioner. Accordingly the marginally noted Establishment was entertained.

	Rs.
1 Accountant on	50
1 Do	20
Personal allowance for the supervision of the work	30
Total	100

2. Since April 1892 the Arrack contract system which obtained prior to that date was altered into that of the Province having been farmed out. This change has entailed on the Establishment a large amount of extra work, as the number of Chalans presented by the farmers in support of the payments made by them on account of "Duty and price of liquor, rental, interest, notice fees, &c." has been increasing monthly.

3. A similar change in the system of Toddy contract has also occurred.

4. The form of Demand, Collection and Balance statement sent to this Office for certificate of credit which used to be for the arrack revenue alone, has also been revised under Government Proceedings No. 4592-601—Cir. 75, dated 4th June 1892, so as to include all items of revenue under IV. Excise.

5. To enable this Office to check and certify to the correctness of the aforesaid statement, Circular No. 1789, dated 3rd May 1893, was issued to the Provincial Treasuries to furnish this.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 19th December 1893.

Office with all the Chalans connected with the Excise revenue beginning with 1st April 1893. An estimate of the number of Chalans expected to be received for audit monthly from the several Treasuries is given below :—

District Treasuries.	Arrack Chalans for—		Toddy Farms.	Bagani Toddy, Ganja, Opium, License fees, Interest, &c.	Total.	Remarks.
	Amount of duty, &c.	Rental.				
Bangalore	900	58	* 109	...	...	* Excluding chalans in support of Amani collections.
Kolar	230	44	144	...	...	
Tumkur	100	10	300	...	...	
Mysore	600	35	489	...	...	
Hassan	100	11	136	...	...	
Shimoga	150	22	47	...	...	
Kadur	120	17	58	...	...	
Chitaldroog	100	8	202	...	...	
Total.....	2,300	207	1,483	500	4,490	

6. Besides checking the chalans with the Treasury credits, separate accounts have to be maintained for each vend farmer—Arrack, Date Toddy, Bagani Toddy, &c. The number of such accounts will, it is expected, amount to about 1,700. The Central Arrack Distillery returns have also to be checked.

7. The correspondence in the Excise Branch of the Office is also increasing considerably; and it is desirable that it should be filed separately from the Account Department Records in which it is now included.

8. The Excise Branch of the Office requires to be strengthened in proportion to the excess work which it has to be performed. In this Office * letters submitted to Chief Secretary, the matter of the increased Establishment was brought to the notice of Government for sanction, but no orders have as yet been passed thereon.

* No. 885, dated 6th August 1892.
„ 5176, dated 10th April 1893.

9. The following scale of Establishment for the Excise work is now suggested :—

			Rs.	Rs.
1	1st Grade Accountant	Pay	70 to	100
1	2nd Grade do	„	50 to	65
1	3rd Grade do	„	30 to	45
2	Junior Accountants at Rs. 25	...		50
1	Record-keeper	...		20
4	Peons at Rs. 6	...		24

the average cost of which amounts to Rs. 274 per mensem, or Rs. 3,288 per annum, or an increase over the present cost of establishment by Rs. 174 per mensem, or Rs. 2,088 per annum, which I do not consider extravagant considering the work the establishment has to perform. A proposition statement is submitted.

10. Toddy, &c., accounts are being received from the Districts from the month of April 1893. They have not been audited or dealt with in any way owing to the present staff of 2 Accountants who have as it is, more than they can do during office hours in auditing the Arrack returns, being unable to cope with the extra Toddy work. It is therefore requested that early orders may be passed in the matter.

I also find that the work of my Office generally has considerably increased since the Rendition. A memo showing the accounts, &c., rendered and dealt with prior to and after the Rendition, I beg to enclose which will, I think, speak for itself. I have given this matter my mature and careful consideration and I think that for the efficient working of the office, three additional hands are necessary, *viz.*, two Accountants, one for the District Savings Bank Account and another for the Deposit Accounts, and an extra Record-keeper for the Record Department which is working now at high pressure. The Accountants might be of the 3rd Grade and the Record-keeper a Junior Accountant on Rs. 20.

It has always been the practice to admit unpaid Volunteers in my Office so that they may receive a training in the work to fill vacancies as they occurred. I have always had 4 or 5 such unpaid candidates in my Office, but under the recent orders of Government which prohibit the employment of such men, I will have to discontinue the practice. But as my Office is one in which the employment of untrained men would be worse than useless, I beg that instead of entertaining unpaid Volunteers, I may be permitted to employ four paid Probationary Accountants at Rs. 15 per mensem, each, to fill vacancies in the grade of Accountants as they occur.

The Peons' establishment requires strengthening also. Two more Peons are required for the Assistant Comptroller which is a new appointment.

A proposition statement embodying these proposals is also annexed for the approval and early orders of Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 19th December 1893.

No. 9556—R. F. 275-92, DATED, BANGALORE, 19TH DECEMBER 1893.

ORDER THEREON.—In the Memo read above, the Comptroller submits for sanction proposals for—

(*i*) entertainment of a permanent establishment, for Excise work in his office on a monthly average cost amounting to Rs. 274 or a monthly increase of Rs. 174 to the present establishment sanctioned in Government Proceedings No. 5123-32—Cir. 98, dated 28th July 1891, for the purpose of auditing Arrack Accounts;

(*ii*) entertainment of an additional establishment of two third grade Accountants, one Record-keeper on Rs. 20 per mensem and four probationary Accountants on Rs. 15 each for the Provincial Accounts Branch of his office; and

(*iii*) strengthening of the menial establishment of his office by the entertainment of two Peons for work under the Assistant Comptroller.

2. Under the circumstances represented, Government are pleased to sanction the increase asked for by the Comptroller in his Memo of the 5th September 1893 with effect from 25th November last.

3. The scale of the Comptroller's Office Establishment as now sanctioned will stand as follows:—

No.	Sanctioned Scale. Designation.	Pay. Minimum.	Increment.	Maximum.	Average Cost.

T. ANANDA ROW,
Chief Secretary.

To The Comptroller to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 20th December 1893.

READ —

Letter No. 679, dated 14th February 1893, from the Deputy Commissioner, Tumkur District, reporting upon the petition of the Inamdars of Hulisandra in the Tiptur Taluk claiming compensation for lands taken up for Railway line and also for loss of crops sustained by them.

No. 9727-33—R. F. 180-92, DATED, BANGALORE, 20TH DECEMBER 1893.

ORDER THEREON.—It is much to be regretted that this matter of compensation due to the Jodidars of Hulisandra in the Tiptur Taluk has remained undisposed of all this time, owing to insufficient investigation by local officers and the imperfect information submitted to this Office. The Deputy Commissioner's report above read, contains such information as enables the Government to deal finally with the question. The Deputy Commissioner's recommendation regarding compensation for loss of irrigation during 11 years from 1883-84 to 1893-94 is accepted and a sum of Rs. 330 is sanctioned as payable on this account.

2. In exchange for the lands actually taken up for the Railway which were originally valued at Rs. 312, the Jodidars may be granted an equivalent extent from the Amrut Mahal Kaval of Dundada Jali. The Superintendent of Revenue Survey will be requested to mark off the land thus to be given in exchange and to include it in the village of Hulisandra, taking care that it is equal to the land taken up by the Railway, both in actual extent and approximate survey valuation.

3. A sum of Rs. 360 is sanctioned for the new channel from the Jodidars' tank to the Iron main under the Railway and from the latter to the wet lands beyond the Railway. If the Jodidars desire it, this amount should at once be paid to them, but if they do not wish to do the work, the same may be executed by the Revenue Authorities as quickly as possible before the commencement of the next cultivation season. In the latter case, the Deputy Commissioner will take special care to prevent the estimate now sanctioned being exceeded on any account whatsoever.

4. The total compensation for the lands in question now sanctioned amounts to Rs. 1,002 as follows :—

		Rs.	A.	P.
i.	Value of land	312	0	0
ii.	Loss of Irrigation	330	0	0
iii.	Re-establishment of Irrigation ...	360	0	0
	Total.....	1,002	0	0

Chief Secretary.

To—The Deputy Commissioner, Tumkur District.
The Comptroller to the Government of Mysore.
The Superintendent, Revenue Survey in Mysore.
The Chief Engineer in Mysore.
The Secretary to the Government of Mysore, Public Works Department, for Railways.
The Jodidars with a covering endorsement.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 21st December 1893.

READ :—

Letters Nos. 1303 and 1304, dated the 4th November 1893, from the Senior Surgeon and Sanitary Commissioner with the Mysore Government, requesting with reference to Government Proceedings No. 1360-61—R. 226, dated 20th July 1893, that as Doctor Choksi has gone on leave, the Chief Assistant may be authorized to perform the duties connected with the State Life Insurance during the absence of Doctor McGann from Bangalore.

No. 10039-40—R. 1026, DATED, BANGALORE, 21ST DECEMBER 1893.

ORDER THEREON.—In supersession of Order No. 1360-61—R. 226, dated 20th July 1893, the Government are pleased to sanction the following addition to Rule 19:—

> "As regards the Bangalore District such Medical Officer, may, whenever the Senior Surgeon so directs, be the Chief Assistant to the Senior Surgeon not below the rank of an Assistant Surgeon, provided that when the pay of the Proposer is not less than Rs. 250, the Medical Officer (during the Senior Surgeon's absence from Bangalore on leave or duty) shall be Doctor Choksi and during the latter's absence the Civil Surgeon at Mysore, Shimoga or Chikmagalur."

Thus modified the rule shall read as follows :—

> Such Medical Officer shall be the District Medical Officer of the Government not below the rank of an Assistant Surgeon provided that when the pay drawn by the proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon. As regards the Bangalore District, such Medical Officer may, whenever the Senior Surgeon so directs, be the Chief Assistant to the Senior Surgeon not below the rank of an Assistant Surgeon provided that when the pay of the proposer is not less than Rs. 250, the Medical Officer (during the Senior Surgeon's absence from Bangalore on leave or duty) shall be Doctor Choksi and during the latter's absence the Civil Surgeon at Mysore, Shimoga or Chikmaglur.

The foregoing amendment shall be notified under Notification No. 10038—R. 1025, dated 21st December 1893.

T. ANANDA ROW,
Chief Secretary.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Secretary to the Mysore State Life Insurance Committee, Bangalore.

READ :—

Letter No. 441, dated 4th October 1893, from the Deputy Commissioner of Bangalore, submitting report from Mr. B. G. Krishnaiengar, Sub-Division Officer on special duty, regarding the acquisition of lands required for the enlargement of the Hessarghatta tank.

No. 9978-80—R. 1024, DATED, BANGALORE, 22ND DECEMBER 1893.

ORDER THEREON.—The Government are of opinion that it is not now necessary to acquire the whole of the lands originally proposed. As the Hessarghatta tank is not required for the joint supply of the City and the Civil and Military

Station of Bangalore, and as the tank is to be used partly for the water-supply of the City and partly for irrigation, the acquisition of lands, tanks or villages to the north of the Kakol tank is unnecessary. The only lands that need now be acquired are the following :—

Lands.	Area.		Assessment.			Proposed Compensation.		
	A.	G.	Rs.	A.	P.	Rs.	A.	P.
1. Lands likely to be newly submerged by the proposed enlargement of Hessarghatta ...	983	28	3,821	8	2	47,588	5	7
2. Lands for a belt of 50 yards along the new water spread of Hessarghatta	152	9	385	7	0	7,991	13	5
3. Cultivated wet lands, under Jembinkere, Chikdevarpur, Harohalli, Somenahalli and Kakol tanks draining directly into Hessarghatta, not included in the submerged area...	149	16	687	9	7	4,848	13	8
4. The site for an Inspection Lodge near Hessarghatta tank in Aivarkhandpur village	2	2	...	...	...	164	0	0
Total.....	1,287	15	4,894	8	9	60,593	0	8

2. Similarly the villages which are to be acquired and removed are the following :—

Villages.	Compensation.			Other Charges including those for establishing new villages, &c.			Total.		
1. Dasenahalli and hamlets attached to it ...	2,496	0	0	1,453	10	0	3,949	10	0
2. Gondchalli (including hamlets)	4,633	8	0	703	4	0	5,536	12	0
3. Chikdevanpur	2,305	8	0	907	0	0	3,212	8	0
4. Madahalli	1,580	0	0	875	0	0	2,455	0	0
5. Harohalli	1,443	0	0	635	0	0	2,078	0	0
Total.....	12,458	0	0	4,573	14	0	17,031	14	0

3. The Government accordingly sanction a sum of Rs. 77,624—14—8 for the acquisition of the lands and villages above referred to and the establishment of new villages in lieu of those removed. These operations should be completed as quickly as possible.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.
The Superintendent of Revenue Survey in Mysore.
The Comptroller to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 23rd December 1893.

READ THE FOLLOWING:—

Letter from the Deputy Commissioner of Bangalore, dated 14th October 1893, No. 487.

Adverting to the Government Proceedings No. 19897-904—R. F. 254-92, dated 22nd May 1893, calling for further report as to the measures adopted to prevent smuggling of supari, I have the honor to state that from the reports received from the Amildars, it appears that supari is not largely cultivated in this District and that the practice of estimating the produce of each garden annually and granting *Kulwar Chits* regularly for removing produce from the gardens and calling upon the owners of gardens to account for the difference between the estimated produce and the actual quantity on which duty is collected, is observed only in the Taluks of Bangalore and Dodballapur. But the figures of these Taluks do not bear out the reports of these Amildars, as the Halat duty per acre is very low. The Amildar of Magadi reports that the orders issued on the subject are evaded, but there is no authority to punish such evasions.

2. The estimated produce per acre is put down at 3 to 21½ maunds.

3. This District does not contain separate *supari* gardens. Scattered supari trees exist: it is very difficult to estimate the area covered by them. The estimated area returned as per my letter No. 796, dated 16th February 1893, is not I am afraid, very reliable. It is not safe to draw inferences from averages struck on such an estimate. The produce of these scattered trees is mostly consumed by the growers and is thus free. The taxable quantity can only be very small and I believe, on whole we get our dues. There may be a few instances of evasion, which I shall get the Amildars to stop as far as possible. It is to be noted that when there are large gardens each or more owned by one raiyat, the taxable produce is large, but when several gardens belonging to different persons have each a few trees, the quantity of produce not liable to the tax must necessarily rise, reducing the taxable produce. This is an important point to be considered while comparing the averages of various Districts.

Letter from the Deputy Commissioner of Kolar, dated 7th October 1893, No. 1303—326.

Government Proceedings No. 19897-904—R. F. 254-92, dated 22nd May 1893, calling for further report as to the measures adopted to prevent smuggling of arecanut in the District, &c.

With reference to the above, has the honor to submit herewith copy of a Memo of particulars received from the Sub-Division Officer, Chikballapur, for Goribidnur, the only Taluk in the District in which supari trees are grown to any appreciable extent.

2. The Supari produce of the other Taluks being so insignificant as to be barely sufficient even for the domestic use of the growers, no duty is levied thereon.

Memo on the Collection of duty on Supari in Goribidnur Taluk.

(1) How the Halat duty is now collected.

(1.) At 12 annas per maund upon the estimated produce of the garden deducting the quantity allowed for domestic use and entered in the Chitta account.

(2) Whether the produce of each garden is estimated annually by the Patel of each village?

(2.) No; but as the nut is picked the quantity is entered in the Register and the owner's signature obtained.

(3) Whether the *Kulwar Chits* are regularly given for all produce removed from the garden?

(3.) The arecanut produce is not large. The produce is not collected and kept in the gardens. Hence *Kulwar Chittas* are not issued. Intimation is given to the Patel at the time of picking and the quantity is entered in his book under the signature of the raiyat. In some cases the quantity is entered on actual measurement at the time of collection.

(4) At what rate allowance for domestic use is made?

(4.) At 2½ seers per head in the family. No rate is fixed.

(5) What is the estimated produce per each acre?

(5.) Four to five maunds, when the soil is well watered, per acre.

(6) Whether the owners of gardens are regularly called upon to account for the difference between the estimated produce and the actual quantity on which duty is collected?

(6.) No accurate account is furnished as in the Malnad, but effort is made to arrive at the actual quantity as far as possible.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 23rd December 1893.

Letter from the Deputy Commissioner of Tumkur, dated 15th August 1893, No. 139.

With reference to para 2 of Government Order No. 19897-904—R. F. 254-92, of the 22nd May 1893, calling for a report on the mode of collecting the Halat duty on arecanut and the yield of the nut per acre, I have the honor to report as follows :—

2. Firstly in regard to the collection of the duty. In about the month of September in each year, the harvest of the areca gardens begins. The ripe bunches of areca are plucked off, the fruits are thereafter separated from the bunches and in the end nut is prepared. This harvest ordinarily continues to the end of December and in exceptional years extends over January too.

3. Just before the harvest season, the Sayer Officials of the Hobli inspect every areca garden, estimate the probable yield of arecanut for the year and prepare a Register of such estimates for each garden in each village. This Register will be kept by the Patel for his future reference.

4. Before plucking the bunches of the areca trees, the owner of the garden informs the Patel of his village of his intention to do so and asks for a permit therefor. The Patel issues a permit in a printed form (a sample of which is enclosed) warning the gardener at the same time that he should not remove the produce from the garden before it is actually measured by him (the Patel).

5. On the authority of this permit the gardener plucks the areca bunches and after separating the fruits from them sends information to the Patel to come and measure the fruits. The Patel goes to the garden, measures the fruits by kandis, estimates thereby the probable yield of the nut, and after entering all these details in the permit already given gives leave to the gardener to prepare the nut and return the permit after the prepared nut is finally weighed and a regular Patta issued in its stead.

6. Finally when the nut is prepared, it is once more weighed by the Patel and the Sayer Officials and the total quantity of the actual yield is entered in a patta which is given over to the gardener and the original permit taken back from him.

7. A Register called the *Kutwar* Dastan book showing the quantity of the nut with each gardener is kept with the village Patel and a copy thereof in the Taluk Cutcherry. In it the quantity arrived at as above is added to the balance at the end of the previous year, and then the quantity allowed for home consumption during the year is deducted, the gardener being accountable for the duty on the net balance.

8. Duty at the rate of 12 annas per maund (with local cess at one anna per rupee of duty) is levied as the nut is sold by the raiyat and the quantity sold deducted in the said Register. This duty is generally paid by the purchaser. The stock on hand is examined now and then and the gardener made accountable for the duty on the quantity found wanting according to the Register.

9. For the household consumption of the gardeners, 3 maunds per year per 10 head are on average said to be a fair allowance, but on account of marriages and such other celebrations in the family the allowance has to be raised according to circumstances. The average consumption besides varies according to the habits of the garden owners. The Vakkaliga is generally habituated to chew betel-leaves and nut oftener in a day than the Brahmin or the Vaisya. Such habits are also considered in allowing the quantity for household consumption Years without celebrations of marriages, &c., are generally scarce in the families of native gardeners. Hence the average allowance for home consumption comes to 5 maunds a year per 10 head.

10. Secondly with regard to the average yield of the nut per acre. Generally on one acre of land about 400 areca trees are planted. If all of them are good, young, healthy, bearing trees, the yield may be good. But there are various circumstances which influence the yield such as :—

(*a*) the fertility or otherwise of the soil,

(*b*) the average rain-fall during the year,

(*c*) the healthy condition of the trees,

(*d*) the number of actually bearing trees,

(*e*) the industrious and careful habit of the gardener,

(*f*) the source of irrigation, and

(*g*) the aptitude of the local people for garden cultivation and their resources.

11. The fertility of the soil depends upon its constituents. Red soil mixed with lime stone is believed to be the best suited for the growth of the areca trees, as the stem will there be

thick, the branches spreading and the bunches more numerous and fuller than elsewhere. The average yield per acre of such land with full blown trees may be about 40 maunds. In sandy soil the trees are thin and tall and the bunches less in number and the fruits small. There the yield per acre is less and may be about 25 maunds per acre, if all the trees are bearing In saltish and clayey soils the trees will be stunted, and there the average yield is still less and may be about 15 maunds per acre if all the trees are bearing. Heavy rain-fall soon after the blossom (*i. e.*, after the opening of the flower known as Hombale) causes the tender grains to fall down and similarly continuous rain makes the soil retain too much moisture and thereby causes the tender fruits to fall down. Thus for the areca trees rain-fall will have to be both timely and moderate This condition is believed to affect the yield to a very great extent. Again the disease known as the "*Koleroga*" often attacks the tree and thus damages the crop. A land on a good level getting moist when irrigated and gradually drying of itself is believed to be the one best suited for areca gardens If there be too much moisture on the surface at any one time or if the land be always moist, the trees will not be healthy. Besides whatever may be the area of an areca garden, the produce depends upon the number of the actually fruit bearing trees in it rather than on the total number of them. And even among the bearing trees the yield varies according to their age. Again during dire famine of 1876-77 and 1877-78 most of the areca trees died and several gardens were considerably denuded of them. This circumstance also influences the average yield per acre at present Speaking roughly it may be said that on an average the proportion of fruit bearing trees in the gardens of this District is much less than in the Malnad which was less affected during the said famine. Further the yield of the areca crop depends as above stated upon the care bestowed upon the garden. If the digging, manuring, and weeding operations are carried on at the proper seasons, the garden improves and if these be neglected, the yield will be less as a matter of course. People in this District take to dry cultivation first, then to wet crop and lastly to garden cultivation; the latter requiring greater industry and a steady source of irrigation which the maidan raiyat often lacks in. Trees irrigated by tank and well water yield better crop than those irrigated by either of the two Again a garden of purely areca trees yields more than if the trees are interspersed with plantain or other trees. Plantain trees are generally planted amidst areca trees in this District and they by their nature absorb larger quantity of moisture, deprive the soil of its productive materials and take up the manure sooner for their growth and leave a small portion of it for the areca trees. As the areca produce is to be had only once in a year and the raiyat has to find other means of constant yield in his garden, he plants plantain trees in it Considering all these circumstances it is believed that on an average 15 maunds per acre is a fair return here

12 Thirdly in regard to the apprehension that the nut is smuggled to evade the payment of the duty Of course the persons concerned would try their best to avoid the duty, but the quantity entered against them in the Registers referred to has to be accounted for, by them. This makes the evasion difficult and if the higher Officers occasionally look into this matter their subs- (subordinates) taking the cue from them will take stock now and then and bring the defaulter to book. The Amildars have been requested to show earnestness in this matter.

13. Lastly in regard to the comparison made in the order under reply, of the realizations from this halat duty in the different Districts, I beg leave to state that the data on which comparison has been made and inference drawn do not to my humble thinking seem to be such as to afford a true basis thereof. The income of only one year (1890-91) has been taken and an average struck on the total area supposed to be covered with the areca trees. It does not I think happen that the whole of the produce of a year is sold in that year, nor does every acre containing the areca trees yield every year. In some of the gardens the trees may be young and immature, while in others they may be old and past bearing. Some gardeners may find a good sale and dispose of the whole of the stock, while others may retain the stock on hand in expectation of getting better rates.

14 In conclusion I beg leave to submit that this halat duty is a considerable nuisance to the raiyat. It affords ample opportunity to worry him in various ways and in fact unscrupulous persons may even turn this taxation into an engine of oppression. The sooner therefore it is done away with the better I think. If the present land tax on the areca gardens is considered an inadequate return to Government and if the halat duty which is levied in addition thereto should be replaced, it is by far better to enhance the land tax proportionately and relieve the raiyat of the constant vexatious interference of the Government servants, firstly with his harvest operations, secondly with his dealings with his customers and thirdly with his stock on hand

---

Letter from the Deputy Commissioner of Mysore, dated 8th November 1893, No. 528

Adverting to Government Proceedings No. 19897-904—254-92, dated 22nd May 1893, calling for a report of the measures adopted to prevent smuggling of supari, I have the honor to state that there are only a few acres of pure supari gardens in the Mandya Taluk. In all the other Taluks supari trees are grown mixed with cocoanut, plantain and other trees The areca trees are reported to be at various distances from one another but an average of distance of 8 yards from tree to tree may be adopted.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 23rd December 1893.

2. In this District which consists mostly of Maidan, the rain-fall is a great deal less than that of the Malnad tracts and the raiyats do not generally pay much interest or pains in the cultivation of supari. In parts of the Yedatore Taluk, the raiyats are reported to have lately removed the supari trees and converted their gardens into rice lands which shows that rice is considered more lucrative than supari.

3. The practice prevailing in this District in regard to the collection of supari duty is summarized below :—

To query (1) — Halat or Sayer duty is collected at 12 annas a maund of prepared supari.

To query (2) — No estimate is prepared by the Patel. At harvest season gardeners ask the Patel's permission to remove supari fruits from their trees when the Patels give permits for doing so. As soon as the fruits have been removed, the Patels estimate the produce in maunds by counting the "Kayi" or fruits. 1,000 fruits are calculated to be required for manufacturing one maund of supari in Yedatore and a few other Taluks, while six thousand fruits are considered to be required for manufacturing one maund in Tirumakudlu-Narsipur, Mandya and Malvalli Taluks. The number of maunds are then noted by the Patels of the Yedatore and Krishnarajpete Taluks in their registers, and the gardeners' signature taken and the duty is collected when the article is brought for sale. No reports are however said to be submitted to the Taluk Cutcherry. This practice does not obtain in other Taluks where no registers can be regularly kept as many of the Patels are illiterate.

To query (3) — No Kulwar Chits are issued for removal of the produce from gardens but only Rahadari chits are issued after collection of duty upon the quantity sold or exported.

To query (4) — For domestic use 10 or 12 seers are allowed to each member of the family of the owner in some of the Taluks, while in others, what the Patels consider as fair is allowed.

To query (5) — In a good season, the average out-turn is estimated at 5 or 6 maunds an acre.

To query (6) — In case of suspicion that supari has been removed without payment of duty, the Patel or Shanbhog makes an enquiry in the matter and recovers the duty on the quantity so found to have been removed, making a report of the same to the Amildar.

To query (7) — The Patels, Shanbhogs and Shekdars are allowed a commission of 5 per cent on the duty both in Government and Inam villages. Where the village officials themselves are supari growers or are otherwise interested in evading or conniving at evasion of Halat duty, the Shekdars and other higher officials of the Taluk have to exercise a careful supervision. The course suggested in clauses 4 and 6 of para 3 appears best suited to check smuggling, and this will be hereafter more rigidly enjoined.

4. In explanation of the comparatively very insignificant income from this District, it is reported that the greater part of the produce of supari gardens is retained for house consumption in most of the Taluks of this District. I am not however quite satisfied with the explanation and shall take steps to have greater care and vigilance exercised in its collection.

Letter from the Deputy Commissioner of Hassan, dated 19th August 1893, No. 142.

With reference to Government Proceedings No. 19897-901—R. F. 254-92 of the 22nd May last, calling for further report on certain points in connection with supari and as to the measures adopted to prevent smuggling, I have the honor to state with reference to the queries contained in para 2 as follows :—

(1). The Halat duty is now collected through the agency of Patels, Shanbhogs and Shekdars.

(2). The produce of each garden is estimated annually by the Patel of each village and Kulwar chits are granted for all produce removed from the garden and the owners of garden are called upon to account for the difference between the estimated produce and the actual quantity on which duty is collected in the Nagar Division. This practice did not exist in this District and with a view to introduce it Circular Orders were issued to all the Amildars and most of them have submitted Dasthan Pattis. It cannot however be stated that those pattis are quite in accordance with the order issued and steps are taken to gradually enforce the system though complete success cannot be hoped for, for want of proper establishment as referred to below. There is no fixed rate according to which allowance is made for domestic use, the quantity allowed depending upon the number of household members of the supari growers

and their general requirements. The average quantity that has been allowed till now amounts to about 32 per cent of the quantity produced. The estimated produce for each acre varies from one maund and two seers to three maunds and nineteen seers.

2. From the enclosed statement it will be observed that the supari duty during the past six years has been fluctuating, there is a decrease for two years, then an increase for next two years and again a decrease. Due notice was taken of these variations and the fact also mentioned in the administration reports of the respective years, extracts from which are enclosed for ready reference.

3. I watched to see what was possible to be done by warning the village officials and Shekdars to a sense of their duty in this respect. A few of the copies of circular orders issued from time to time and also of orders issued reviewing the Sayer monthly accounts received from the Taluks are also forwarded herewith for your information, from which you will be pleased to observe that persevering efforts are being made to secure the Government revenue in this direction, though there was improvement for some time, it has a tendency to go down and I suspect that the village officers connive at smuggling and Shekdars have not sufficient time to devote to this. I think the revenue under this source admits of greater expansion under proper supervision, to effect which it would be better if there was a separate agency as in the Districts of Shimoga, Kadur and Tumkur.

Extracts from Administration reports,—(*vide* para 2 of the Deputy Commissioner's letter read above).

* * * *
* * * *

Extract from the Administration Report for the year 1887-88.

Sayer. The falling off in the Revenue under this head in the several Taluks of the District alike was a matter for serious consideration, though it may have been partly due to diminished crop. The Taluk authorities have been enjoined to pay stricter attention to prevent all smuggling by constant supervision and check of Rahadaris issued and returned.

* * * *

Extract from the Administration Report for the year 1888-89.

Sayer.—The increase in this item of Rs. 228—3—8 is not as satisfactory as was anticipated. In spite of repeated orders issued to the Taluk authorities enjoining on them the necessity of bestowing stricter attention to prevent smuggling, the Amildars of Hassan and Arkalgud Taluks have not been successful in putting it down. The increase in the duty on supari in the Arsikere Taluk is creditable to the Amildar. The remaining Taluks do not produce supari largely. The other items which only contribute a portion to the Sayer Revenue need no special comment here.

* * * *

Extract from the Administration Report for the year 1889-90.

Sayer.—The increase of Rs. 794 under this head is chiefly due to supari in which Rs. 722 in round figures were realized more than in the previous year. Though the result of the year appears to be an improvement owing to the active measures adopted in making the Amildars alive against smuggling, yet there is much evasion in payment of duty which has to be effectually checked.

* * * *

Extract from the Administration Report for the year 1891-92.

Sayer.—The revenue from Sayer has decreased during the year under report as compared with the previous year by Rs. 679—4—3. It is satisfactory to note that in the Taluk of Arkalgud the Sayer revenue has increased over the year previous which shows that the Taluk authorities guarded against smuggling. In other Taluks no improvement is visible and needful steps will be taken to foster the source of revenue.

The fall in Sayer revenue is not an indication of any short areca crop. But the establishment for the levy of the Sayer and for prevention of smuggling does not separately exist in this District and the work in this Department of Patels and Shanbhogs shows results only as they are steadily goaded to be alert and active. The figures for 1887-88 (Rs. 3,038—4—7) 1888-89 (Rs. 3,266—8—3) 1889-90 (Rs. 4,061—5—1) and 1890-91 (Rs. 5,506—13—11) given below show better results than in this year. It is desirable to make more satisfactory arrangements to prevent loss of revenue under this head. The matter will be laid separately before Government in due course.

* * * *

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 23rd December 1893.

"EXTRACTS."

Statement showing the Area of Supari Plantation together with the amount of duty realized for the six years ending 1891-92 of the Hassan District.

No.	Years.	Extent of supari plantation.		Duty realized.			Duty per acre.			Remarks.
		Acres.	Guntas.	Rs.	A.	P.	Rs.	A.	P.	
1	1886-87	5,331	32	2,678	9	8	0	8	0	
2	1887-88	5,322	14	2,271	3	1	0	6	9	
3	1888-89	5,320	4	2,246	1	6	0	6	9	
4	1889-90	5,326	11	2,961	5	11	0	8	10

Letter from the Deputy Commissioner of Kadur, dated 9th September 1893, No. 177.

With reference to Government Proceedings No. 19897-904—R. F. 254-92, dated 22nd May 1893, making certain observations on the supari accounts submitted from several Districts and calling for a report on certain matters connected therewith, I have the honor to state that the duty per acre in Koppa Taluk which yields the largest quantity of supari, amounts to Rs. 11—4—0 which is less than that of Shimoga District by about Rs. 2. This small difference is ascertained to be due to comparatively less productiveness of the soil as also to more frequent attacks of "Kole Roga."

2. The Taluk next in importance in this District as regards the production of supari is Mudgere. The duty per acre is given as Rs. 5—4—0 and it is not strange considering that the soil is far less productive though the quality of arecanut is superior. Further the people in major part of the Taluk (except in Kalasa side) are rather indifferent with regard to the supari cultivation as they pay more attention to coffee culture.

3. The supari cultivation about Tarikere, Kadur and Chikmagalur is very small though the duty per acre is pretty high in the 2 former. The duty per acre in the District was thus Rs. 9—0—3, *viz.*, Rs. 4 less than that in Shimoga.

4. As regards the points on which a report is called for, I beg to state that—

(*a*) The Halat duty is collected at annas 12 on every maund of arecanut brought to kattes for weighment and export.

(*b*) The produce of each garden is estimated annually at the crop season by the Patel and the Manegar.

(*c*) Kulwar chits are regularly given for all produce removed from the garden.

(*d*) Allowance for domestic use is made according to different circumstances of the owner of the garden. Some keep arecanuts sufficient to distribute to the coolies and to the requirements of the number of the inmates of the house. Some arecanut is kept to meet the demand of marriages, &c., likely to be celebrated during the year. Those that grow arecanut in small quantities keep the whole for domestic consumption. Under these circumstances, it is difficult to strike any correct average, but it may be approximately estimated at about 5 maunds for every 100 maunds of arecanut grown.

(*e*) The average produce for each acre is generally estimated at about 13 maunds per acre in Malnad and about 10 maunds in Maidan, which latter generally consists of mixed gardens.

(*f*) Owners of gardens are as a rule called upon to account for the difference between the estimated produce and the quantity on which duty is levied and statements are obtained annually from them and forwarded to the District office from the Amildars, showing the stock at the end of the previous year, the produce of the year current, the quantity kept for domestic consumption, quantity halatted, and balance at the close of the year current.

5. In spite of these precautions, I have very little doubt that a very large amount of arecanut is smuggled out of the country annually without paying the Government dues, and this is not to be wondered at, considering the class of officials who have the entire management

of the collection, namely, the Patels and Managars both of whom are so ill paid that no reliance can be placed upon them.

6. I am further of opinion that were the present tax abolished, many raiyats would come forward to cultivate arecanut, who are now holding back on account of the prohibitive tax and the amount of trouble they are put to by the system of enforcing it. I also think that should the present tax be abolished, the Government would recoup the loss to a large extent by the extra land taken up for this culture. Should the Government consider the total abolishment of the tax to be too serious a loss all at once, I would advocate the abolishment by degrees, say, one-fourth each year until finally abolished.

Letter from the Deputy Commissioner of Chitaldroog, dated 5th September 1893. No. 155.

With reference to the Proceedings of Government No. 19897-904—R. F. 254-92, dated 22nd May last, calling for a report on certain points relating to the prevention of supari smuggling, I have the honor to state that from the enquiries which I have personally instituted during my tours of inspection as well as from the reports which I have received from the Amildars and Deputy Amildars under me, I am inclined to believe that supari smuggling on any extensive scale is not carried on in this District.

2. The *modus operandi* in all the Taluks of this District is this :—As soon as the crop is ripe for gathering, the owner of the garden sends intimation of this fact to the Patel. In some places the Patel submits a report to the Shekdar or to the Taluk Cutcherry while in others he does not. On the day fixed for harvesting the crop, the Patel goes to the garden, sometimes accompanied by the Shekdar or a Taluk official, and at other times alone. If supari has to be cut simultaneously in more gardens than one, (this happens very rarely) the Patel visits them one after another or deputes his subordinate village servants to such of them as he cannot himself visit. After the nut is gathered, it is measured in a basket kept for the purpose, and the capacity of which is recognized by all concerned. The proportion of prepared supari to the quantity of produce gathered, has likewise been ascertained by actual test. The produce realized is accordingly entered in a book kept by the Patel. A Kulwar chit is issued to the raiyat before the removal of the crop from his garden. From the total quantity is deducted an allowance for domestic use at varying rates, none of which exceeds five seers per head. The rest is entered against the raiyat's name and he becomes accountable for it. On sales and exports, duty is levied at 12 annas a maund. The *dastan* in the raiyat's possession is accordingly checked by the Taluk authorities.

3. Where the procedure described above is strictly followed, the chances of successful smuggling are reduced to a minimum. It is possible that some laxity does exist in remote places and that consequently facilities for allowing supari to pass without payment of duty are greater there than elsewhere.

4. Stringent orders have now been issued impressing upon all Taluk and village authorities the desirability of a strict observance of the procedure above mentioned. I have further directed a more frequent examination of stock than hitherto. I have also warned all concerned that any dereliction of duty in this respect will be visited with condign punishment. Occasional enquiries will also be made by the Deputy Commissioner and his Assistants during their tours of inspection, as well as during Jamabandi. All these will in my opinion go a long way to promote the repression of smuggling.

5. Pure supari gardens are not many in this District. As already reported, supari is grown in most gardens along with cocoanut, plantain, &c. It is therefore difficult to form an accurate estimate of the quantity of supari which each acre of land is capable of yielding. Then again, this being a dry District, supari does not receive that amount of culture and attention which it does in more favored Districts. In pure supari gardens which are only 57 in number out of a total of 2,895, I understand that each acre contains about 400 trees. Some of those trees do not bear at all, while many others yield a nominal crop. Taking good trees with bad, the average out-turn may be roughly estimated at one seer per tree, or between 8 and 9 maunds per acre. This does not of course apply to gardens not fully stocked nor to mixed gardens.

No. 10149-56—R. F. 254-92, dated, Bangalore, 23rd December 1893.

Order thereon.—The explanations given by the Deputy Commissioners do not satisfactorily account for the large differences in the amount of duty collected in the several Districts. The Deputy Commissioners are requested to do their best for the prevention of smuggling.

2. The number of supari gardens in each District should be stated in order that it may be seen, how far the allowance made for home consumption accounts for the small amount of duty collected in the several Districts.

3. There must be a fixed rate of allowance for home consumption, and it ought not to vary at the discretion of the Patels and Amildars. Two maunds of 40 seers each per family of 10 individuals appears adequate. Deputy Commissioners are however at liberty to fix such rate as they think proper with reference to the habits of the people in their Districts.

4. The Deputy Commissioner of Shimoga is requested to draw up a detailed Memo of the procedure adopted in his District for the examination of the supari produce and the collection of duty and submit the same to Government in view to its being circulated among the other Districts for adoption with the requisite modifications.

5. With reference to the remark of the Deputy Commissioner of Tumkur in para 13 of his letter read above, the Government observe, that the duty collected in 1890-91 in his District with reference to which the Government passed their remarks, was more and not less than the average collections* in his District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 26th December 1893.

READ :—

The following extract from the Proceedings of the Dasara Representative Assembly for 1892.

Subject No. 306, Summary of discussion :—

Rule 2 of the Rules for the grant of lands for garden cultivation on *shraya* tenure requires that the land taken up shall be entirely planted up within two years of the date of the grant. The period allowed by this rule is very short as it takes nearly 3 years for cocoanut plants to be ready for transplantation. It is therefore requested that the period may be extended to 5 years.

READ —

Also the following letters from Deputy Commissioners of Districts on the same subject.

District.	No.	Date.
Tumkur	164	18th August 1893.
Kadur	126	21st August 1893.
Chitaldroog	166 141	30th August 1893.
Shimoga	268 224	13th September 1893.
Mysore	335	21st September 1893.

No. 10127-34—R. F. 182-92, DATED, BANGALORE, 26TH SEPTEMBER 1893.

ORDER THEREON.—Government are pleased to direct that para 2 of the Rules contained in Appendix I to the Rules under the Land Revenue Code shall be modified so as to read as follows, and that the modified rule shall be notified and made applicable to grants already made as well as to grants to be hereafter made of lands on shraya for garden cultivation under the aforesaid rules.

"2. Within five years of the date of the grant, the land taken up shall be entirely planted up. The grantee shall be bound to plant up not less than one-fifth of the entire area in each year, so as to bring the entire land under garden cultivation by the end of the fifth year. Failure to comply with these conditions as to planting shall render the entire land liable to the full garden rate fixed in the manner aforesaid.

Conditions for planting up the land taken up.

Consequences of failure to comply with them.

The grantee who fails to plant up the entire area of the grant within the prescribed time will however be allowed to resign any portion of the grant in compact blocks of not less than 10 acres each.

Provided that should the grantee relinquish the land either in whole or in part, for any reason whatsoever, within 5 years from the date of the grant he shall be liable to pay a fine equal to the estimated value of the trees, if any, standing on the land at the time of grant but removed by the grantee during his occupation. Such estimated value shall always be entered in every kaul granted under these rules."

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 27th December 1893.

READ:—

Hassan Deputy Commissioner's letter No. 227, dated 10th August 1888, to Chief Secretary.

Chief Secretary's Docket No. 2053—80, dated 7th June 1890.

No. 2—D. H. O., DATED 27TH DECEMBER 1893.

ORDER THEREON.—Upon a full consideration of the circumstances represented by the Deputy Commissioner of Hassan in the letter above read and of the local requirements as brought to notice during the Dewan's present tour through the Hassan District, the Government are pleased to direct the abolition of the present Deputy Amildar's charge with Head-quarters at Grama, and to establish in its place one with Head-quarters at Alur as recommended by the Deputy Commissioner. The new Sub-Taluk will consist of the present Hoblis of Ponnatpur, Palya and Alur, to the last of which should be added the villages to the west of the Yagachi from the Bayalhalli Hobli without division of existing Shanbhog Firka or Firkas.

2. The Deputy Commissioner will submit for publication the required notification to give effect to this change from 1st July 1894.

3. The temporary establishment sanctioned in Government Proceedings No. 13368-9—G. 2979, dated 29th January 1893, with effect till 31st March 1893 will continue till 1st July 1894.

T. ANANDA ROW,
Chief Secretary.

The Comptroller to the Government of Mysore in continuation of No. 10161-2—R. F. 107-93-94.
The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioners of other Districts for information and guidance.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 28th December 1893.

READ:—

The following papers from the Deputy Commissioners of Districts, submitting with reference to Proceedings No. 3253-60—Cir. 37, dated 24th May 1892, statements of Darkhasts remaining undisposed of during the quarters ending 30th June and 30th September 1893:—

No.	Date.	From whom.
248	29th August 1893	Deputy Commissioner, Bangalore.
...	4th August 1893	Do do Kolar.
...	18th August 1893	Do do do
127	12th August 1893	Do do Tumkur.
162	17th August 1893	Do do do
467	13th October 1893	Do do Mysore.
222—187	31st August 1893	Do do Shimoga.
40	19th July 1893	Do do Kadur.
39—34	10th July 1893	Do do Chitaldroog.
671	16th December 1893	Do do Bangalore.
1835—469	30th November 1893	Do do Kolar.
360	2nd November 1893	Do do Tumkur.
428	21st November 1893	Do do do
450—372	6th November 1893	Do do Shimoga.
485—403	16th November 1893	Do do do
503—419	22nd November 1893	Do do do
265	1st November 1893	Do do Kadur.
328—283	31st October 1893...	Do do Chitaldroog.

No. 10135-42—R. F. 165-92, DATED, BANGALORE, 28TH DECEMBER 1893.

ORDER THEREON.—The accompanying statement shows the number of Darkhasts pending disposal in the several Taluks of the Province during the quarters ending 30th June and 30th September 1893.

2. The Government regret the delay that there has been on the part of some of the Deputy Commissioners in submitting these returns. The Deputy Commissioners of Mysore and Hassan have not yet submitted their returns; the former for the quarter ending 30th September 1893 and the latter for the quarters ending 30th June and 30th September 1893. This omission is remarkable and should be explained.

3. The figures for the following Taluks are unsatisfactory:—

Nelamangala	in Bangalore District.
Magadi	
Goribidnur	in Kolar District.
Pavagada	in Tumkur District.
Chanagir	in Shimoga District.
Tirthahalli	
Koppa	in Kadur District.
And Challakere	in Chitaldroog District.
Holalkere	

The Deputy Commissioners concerned are requested to arrange for the prompter disposal of Darkhasts in these Taluks.

4. That 152 Darkhasts were pending disposal in the Tirthahalli Taluk at the end of September 1893 is very bad. The Deputy Commissioner of Shimoga will obtain the Amildar's explanation and submit it with his remarks.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 29th December 1893.

READ —

Letter No. 303, dated the 4th November 1893, from the Superintendent, Mysore Revenue Survey, submitting for sanction a supplementary Budget Estimate for Surveyors and Measurers now distributed over the several Districts and Taluks, and stating that the Budget was prepared in accordance with the verbal instructions of the Dewan.

No. 10276-7—R. 1056, DATED, BANGALORE, 29TH DECEMBER 1893.

ORDER THEREON.—The supplemental Budget submitted with the above provides a sum of Rs. 20,400 on account of pay, &c., of Surveyors and Measurers from November 1893 up to end of June 1894. This provision is sanctioned.

2. The Survey Superintendent is requested to furnish a distribution list of the Surveyors and Measurers over the several Taluks of the Province to whom the above provision relates.

T. ANANDA ROW,
Chief Secretary.

To—The Superintendent of Revenue Survey in Mysore.
The Comptroller to the Government of Mysore.

PART I

REVENUE-FOREST.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue-Forest),—dated 21st December 1893.

READ AGAIN :—

Government Proceedings No. 11866-75—Cir. 245, dated 8th January 1891.

READ ALSO :—

Replies to the above from the following Officers :—

No.	Date.	From whom.
534/77	5th March 1891	Deputy Commissioner, Chitaldroog.
799/750	17th March 1891	Do Shimoga.
98	6th May 1891	Do Bangalore.
115	4th June 1891	Do Kadur.
137	2nd June 1891	Do Hassan.
704/169	Do	Do Kolar.
116	5th June 1891	Do Tumkur.
222	11th June 1891	Do Mysore.
38	16th June 1891	Amrut Mahal Officer.
1214—97	20th July 1891	Inspector General of Forests.

No. 9966-75—R. F. 98-93, DATED, BANGALORE, 21ST DECEMBER 1893.

ORDER THEREON.—The views of Deputy Commissioners as expressed in the correspondence read above are in favor of selling the "Minor Forest Produce" of the Amrut Mahal Kavals with that of the Government Forest tracts of the Taluks in which the Kavals are situated and not separately. The Inspector General of Forests is also of the opinion that the Minor Forests Produce of the Amrut Mahal Kavals may be sold together with such produce in the rest of the Forest tracts and the total sale proceeds credited to the Forest Department.

2. It is in the Mysore and Hassan Districts that the Amrut Mahal Kavals are much interlaced with Government tracts yielding Forest Produce and therefore much inconvenience is caused in selling the produce of Forest tracts separately from Kaval tracts. Such separate sales have been held only in the last few years, and the average annual realizations have been under Rs. 2,000 from Amrut Mahal Kaval lands as reported by the Officer in charge of the Amrut Mahal Department in his letter of 16th June 1891. That Officer does not give any reasons either for or against the continuance of the system of separate sales.

3. Under such circumstances, the proposal of the Inspector General of Forests is approved. Separate sales should be discontinued in future. All sales should be held by the Deputy Commissioners in the Forest Department and proceeds credited to the head "Forests" (minor produce).

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Forests and Plantations in Mysore.
The Officer in charge of the Amrut Mahal Department.
The Deputy Commissioners of Districts.

PART I

LOCAL BOARDS BRANCH-MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 6th December 1893.

READ :—

Letter from the Deputy Commissioner of the Mysore District, dated 8th August 1893, No. 126, submitting the Budget Estimates of the Minor Municipalities in the Mysore District, except those of the French Rocks Sub-Division, for 1893-94.

No. 8854-9—L. F. 111-93, DATED, BANGALORE, 6TH DECEMBER 1893.

ORDER THEREON.—Before revising the Budget Estimates of the several Minor Municipalities of the Mysore District, except those of the French Rocks Sub-Division, for the year 1893-94, Government regret to observe that there was a great delay in the submission of these Budget Estimates. They were due in March, but they were not received till 8th August 1893 or 4 months later. Such delays should be carefully guarded against in future.

HUNSUR.

2. The receipts of this Municipality for 1893-94 are estimated at Rs. 2,853 against Rs. 2,333, the actuals of 1890-91. The estimate includes only the usual moiety of Octroi revenue from Sayer articles and not the Government share of the duty which has been recently made over to this Municipality and Nanjangud. The estimate will therefore be raised by Rs. 297.

Items.	Details.	Actuals of 1890-91.	Estimate for 1893-94.
I	Octroi	462	419
II	Tax on Houses... ...	388	450
VII	Mohatarfa	472	550
VIII	Rents .. .	...	00
IX	Fines	...	3
X	Miscellaneous	1,011	1,371
	Total.....	2,333	2,853

3. *II. Tax on Houses and VII. Mohatarfa.*—The taxes are proposed to be revised during 1893-94 and an increase of revenue is thereby expected. The estimates are fair, but they will be doubled, as they represent only a half and not the entire realisations from these taxes, which have been recently made over to the Municipality in Government Proceedings, dated 14th October 1893, No. D. 7—15, in consideration of its bearing Police charges.

4. *X. Miscellaneous.*—The increase under this head is chiefly in "*(d)* Pounds," from which source Rs. 500 are estimated for 1893-94, while nothing was realised in 1890-91. The estimate is based upon the probable collections of 1892-93 which amounted to Rs. 506 against Rs. 311 collected in 1891-92. Government consider that the estimate is excessive and it will be reduced to Rs. 400. Under "X. Miscellaneous" there is an item of Rs. 350 called "Police Maintenance Fund." The source and the nature of this item of revenue should be explained.

5. The other items call for no remarks.

6. The estimate as now sanctioned comes to Rs. 4,050. Adding to this, the opening balance of Rs. 705, the sum available for expenditure during 1893-94 is Rs. 4,755 of which Rs. 2,836 are proposed to be expended, leaving a balance of Rs. 1,919 at the end of the year.

7. *II. Head Office.*—The proposed estimate under this head does not include the amount of contribution payable by this and other Municipalities in the District towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. A sum of Rs. 163, which these Municipalities have to contribute, will be distributed among the various Municipalities in proportion to receipts as shown below :—

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
II	Head Office ...	101	68	85
III	Collection ...	...	22	21

VIII	Public Works ...	162	175	423
IX	Charitable Grants...	246	230	230
X	Education ...	416	333	333
XI	Miscellaneous ...	85	40	62
	Total.. ...	3,524	2,807	2,836

	Rs.
Hunsur	42
Chamrajnagar	16
Yedatore	8
Heggaddevankote	3
Saragur	5
Gundlupet	19
Nanjangud	52
T. Narsipur	8
Saligram	10
Total.....	163

The amount that has to be provided under "Head Office" in the Budget of the Hunsur Municipality will thus be Rs. 127.

8. *IV. Conservancy.*—In the sanctioned estimate for 1892-93, there was a provision of Rs. 160 on account of the purchase of wheel barrows. This has been omitted in the present Budget and the hire of conservancy cart is proposed to be reduced from Rs. 15 to Rs 14 per mensem. This accounts for the decrease in the estimate, which is passed.

9. *V. Police.*—Under "Dress and Contingencies," the "Police charges" have been reduced by Rs. 37. The reduction is said to have been necessitated by want of funds. As however the Government share of Mohatarfa has been made over to the Municipality, this item will be raised to the figure of the previous year, *i. e.*, Rs. 63.

10. *VII. Lighting.*—Hitherto, the lighting was managed by contract. The Deputy Commissioner now proposes to employ a lamp-lighter on Rs. 5 and to light the lamps (15 in number) by amani. This accounts for the decrease in the estimate, which is sanctioned.

11. *VIII. Public Works.*—The provision made is for the marginally noted works and is passed.

	Rs.
1. Repairing roads ...	400
2. Do drains ...	23
	423

12. *IX. Charitable Grants.*—The details under this head have not been furnished in respect of this and other Municipalities. The omission will however be supplied by the Deputy Commissioner.

13. *XI. Miscellaneous.*—Under this head no provision is entered on account of feeding charges of impounded cattle. This should be explained. Details of the lump sum provision of Rs. 57 under Other Items, should also be furnished. Subject to these remarks, the estimate is passed.

As the Budget was drawn up with an estimated balance of Rs. 722, but this balance has been increased by Rs. 1,000, the Deputy Commissioner will be requested to propose further expenditure for useful sanitary works especially under Drains as the expenditure provided under that head amounts only to Rs. 23 and Hunsur is a notoriously unhealthy place.

CHAMRAJNAGAR.

14. The Municipal Board estimate the income of this Municipality for 1893-94 at Rs. 1,103 against Rs. 673, the actuals of 1891-92.

Items.	Details.	Actuals of 1890-91.	Actuals of 1891-92.	Estimate for 1893-94.
II	Tax on Houses ...	267	202	387
VII	Mohatarfa ...	381	411	591
X	Miscellaneous ...	35	60	125
	Total	683	673	1,103

15. *II. Tax on Houses and VII. Mohatarfa*—The increased estimates under these heads which are stated to be based upon the Jamabandi figures for 1892-93, will be retained.

16. *X. Miscellaneous.*—The increase under this head is in "(*d*) Pounds." Under this head, Rs. 100 are estimated against nothing in 1890-91. The estimate based upon the probable collections (122) of 1892-93, is passed.

17. Including the opening balance of Rs. 1,236, the sum available for expenditure during 1893-94 is Rs. 2,339, of which Rs. 1,739 are proposed to be expended, leaving a balance of Rs. 600 at the end of the year.

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
II	Head Office ...	21	19	32
IV	Conservancy ...	365	300	417
VII	Lighting ...	47	120	108
VIII	Public Works ...	554	870	912
IX	Charitable Grants ..	151	254	230
XI	Miscellaneous ...	6	30	40
	Total.....	1,174	1,593	1,739

18. *II. Head Office.*—With reference to the remarks made in para 6 *supra*, the estimate under this head will be raised by Rs. 16.

19. *IV. Conservancy.*—The Board's proposal to increase the salary of the existing 5 Sweepers from Rs. 5 to 6 per mensem is sanctioned. This increase and the new provision of Rs. 57 for the construction of dust-bins accounts for the increase in the estimate, which is passed.

20. *VII. Lighting.*—The decrease in the provision under this head is due to the cheaper rates secured by giving out lighting on contract at Rs. 9 a month for the existing 10 lamps. The estimate is approved.

21. *VIII. Public Works.*—The provision under this head consisting of the marginally noted items is passed.

		Rs.
1.	Repairing roads	100
2.	Do drains	50
3.	Opening new drains	162
4.	Repairing Dodarisinakola	600
	Total.....	912

22. *IX. Charitable Grants.*—A moiety of the salary of Midwife and one-third cost of Dispensary in the town are provided under this head. This estimate is sanctioned.

One-third cost of Dispensary—			
1.	Compounder at ...	Rs. 7...	28

	Total.....	386	577

25. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads which are stated to have been based upon the Jamabandi figures of 1892-93, will be retained.

26. *X. Miscellaneous.*—The decrease under this head which is chiefly in "(*d*) Pounds" should have been explained. Before however accepting the estimate, the Deputy Commissioner is requested to state whether the estimate includes fees recoverable for feeding charges in respect of this and other Municipalities and if not, the amounts that have been deducted on account of these charges and the remuneration payable to Pound-keepers should be stated in view to the estimates under receipts as well as expenditure being raised in accordance with Government Proceedings, dated 17th March 1892, No. 14603-11—L. 1509.

27. Including the opening balance of Rs. 1,089, the sum available for expenditure during 1893-94 is Rs. 1,666, of which Rs. 1,202 are proposed to be expended, leaving a balance of Rs. 464 at the end of the year.

34. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads, which are stated to have been based upon the Jamabandi figures of 1892-93 will be retained.

35. *X. Miscellaneous.*—The decrease under this head which is chiefly in "(*d*) Pounds" is too small to call for any remark. The estimate will be allowed to stand pending the information called for in Para 13 *supra*.

36. Excluding from the receipts, the debit balance of Rs. 5 against the Municipality, the sum available for expenditure during 1893-94 is Rs. 200, of which Rs. 149 are proposed to be expended, leaving a balance of Rs. 51 at the end of the year.

Items.	Details.	Actuals of 1891-92	Estimate for 1892-93.	Estimate for 1893-94.

41. *II. Tax on Houses and VII. Mohatarfa.*—The estimates based upon the Jamabandi figures will be retained subject to the submission of information called for in Para 15 *supra*.

42. *X. Miscellaneous.*—The information similar to that called for in Para 13 *supra* in regard to Pound receipts should be furnished. Meanwhile the estimate will stand.

43. Including the opening balance of Rs. 1,047, the sum available for expenditure during 1893-94 is Rs. 1,377, of which Rs. 389 are proposed to be expended leaving a balance at the end of the year of Rs. 988, which exceeds 30 per cent of the receipts by Rs. 889. The Deputy Commissioner is therefore requested to propose a further expenditure for useful sanitary works.

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.

44 *II. Head Office.*—In accordance with Para 6 *supra*, the provision proposed under this head will be enhanced by Rs. 5.

45. *VIII. Public Works.*—The provision under this head consists of the marginally noted details and is passed.

		Rs.
(1)	Repairing roads ...	150
(2)	Do drains...	30
	Total.....	180

46. *XI. Miscellaneous.*——The diminished provision made under this head will be allowed to stand, subject to the submission of information called for in Para 13 *supra* in regard to expenditure under "(*d*) Pounds"

GUNDLUPET.

47. The receipts of this Municipality for 1893-94 are estimated at Rs. 1,278 against Rs. 1,209, the actuals of 1891-92, as shown in the margin.

Items.	Details.	Actuals of 1890-91.	Actuals of 1891-92.	Estimate for 1893-94.
II	Tax on Houses	331	299	378
VII	Mohatarfa	524	465	586
VIII	Rents	...	..	6
X	Miscellaneous	291	445	308
	Total.....	1,146	1,209	1,278

48. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads which are stated to have been based upon the Jamabandi figures for 1892-93 will be retained.

49. *VIII. Rents.*—An estimate of Rs. 6 is newly entered under this head. The source from which the item is expected to be realized has not been stated. Pending explanation, the estimate will stand.

50. *X. Miscellaneous.*—The decrease under this head is chiefly in (*a*) "Sale of houses and lands," which is an item of uncertain nature. The estimate will stand pending information similar to that called for in Para 4 *supra* in regard to receipts from Cattle-pounds.

51. Including the opening balance of Rs. 6,060, the sum available for expenditure during 1893-94 is Rs. 7,338, of which Rs. 1,868 are proposed to be expended, leaving at the end of the year a large balance of Rs. 5,470, which exceed 30 per cent of the receipts by Rs. 5,087. Probably this large balance is maintained to meet the water-supply and drainage projects, for which the provision made in the Budget for 1892-93 was struck out for want of funds. The Deputy Commissioner is requested to state whether it is so.

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
II	Head Office ...	35	29	37
IV	Conservancy ...	630	422	552

VIII	Public Works ...	1,067	346	740
IX	Charitable Grants ...	145	140	140
X	Education ...	270	216	261
XI	Miscellaneous ...	19	35	18
	Total... ..	2,166	1,241	1,868

52. *II. Head Office.*—For reasons given in Para 6 *supra*, the provision of Rs. 37 will be altered to Rs. 56.

53. *IV. Conservancy.*—In the Budget for 1892-93, a sum of Rs. 110 only was sanctioned on account of the hire of a Conservancy cart for a portion of the year, while in the present Budget, provision of Rs. 180 is made for the whole year. The Board also propose the employment of an additional sweeper on Rs. 5 per mensem. Hence the increase in the estimate which is sanctioned. The additional sweeper may be employed.

54. *VII. Lighting.*—The estimate entered under this head is on account of lighting 10 lamps at the rate of 1 Rupee per lamp and is passed.

55. *VIII. Public Works.*—During 1893-94, the following works are proposed to be executed:—

		Rs.
1.	Repairing roads	200
2.	Do drains	50
3.	Do Municipal well	20
4.	Constructing Cattle pound	150
5.	Repairing Travellers' Bungalow and Annajaiengar's Chattram	20
6.	Destroying old Fort wall prickly pear at the outskirts of the town	200
7.	Repairing School building	100
	Total	740

56. *Item* 5.—The cost of repairing any Travellers' Bungalow is not a proper charge upon Municipal funds and the amount proposed to be spent on the repair of the same should be struck out. A portion of the sum of Rs. 20 shown under this head is stated to be on account of the repair of Annajaiengar's Chattram. Before approving of the provision, the Deputy Commissioner is requested to state whether the Chattram is private property. Pending information, the item will stand.

57. The other items are passed.

58. IX. *Charitable Grants.*—The details of the provision under this head are given in the margin. The estimate is approved.

			Rs.	Rs.
1.	Compounder at	...	7	28
2.	Toti ..	...	6	24
3.	Waterman ...	...	2	8
4.	Contingencies...	...	at 10	40
5.	Charge allowance	...	10	40
				140

59. X. *Education.*—The pay of the Head Master is proposed to be raised from Rs. 20 to 25 per mensem at the suggestion of the Education Secretary. Hence the increase in the estimate. Government observe that there is nothing to show that the Municipal Board was consulted on the question and the fee income has gone down by Rs. 20. The item will be struck out pending the submission of the Board's resolution.

60. XI. *Miscellaneous.*—The proposed estimate under this head will be retained pending information called for in Para 13 *supra* in regard to charges on account of Cattle-pound.

NANJANGUD.

61. The estimated receipts of this Municipality for 1893-94 are estimated at Rs. 3,522 against Rs. 3,497, the actuals of 1891-92.

X	Miscellaneous ...	592	531	921
	Total.....	3,647	3,497	3,522

62. *I. Octroi.*—The decrease under this head has not been explained. The actuals of 1891-92 and probable collections of 1892-93 are given as Rs. 1,483 and 1,305 respectively. There is therefore nothing to justify the decrease. The estimate will be raised to Rs. 1,300.

With reference to the remarks made in Para 2 *supra*, a sum of Rs. 800 will be added to the estimate on account of Government moiety of Octroi on Sayer articles.

Government moiety of Octroi duty on—		Rs
(1) Cocoanuts, fresh	...	400
(2) Do dry	...	20
(3) Betel-leaves	..	180
(4) Tobacco	..	200
	Total.....	800

63. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads represent the income expected from the revision of taxes. The estimates are allowed to stand.

64. *X. Miscellaneous.*—The increase under this head is chiefly in (*a*) "Sale of house sites." The actuals of 1891-92 were only Rs. 16 and probable collections of 1892-93 amounted only to the same amount. But as it is proposed to spend Rs. 1,000 on the acquisition of lands for town extension during the current year, the item is allowed to stand.

65. The receipts as now estimated amount to Rs. 4,432. Adding to this the estimated opening balance of Rs. 9,818, the sum available for expenditure during 1893-94 is Rs. 14,250, of which Rs. 6,901 are proposed to be expended, leaving at the end of the year a balance of Rs. 7,349 which is more than 30 per cnet of the receipts by 6020. This large balance is probably reserved for a water-supply project of the town for which the provision made was disallowed in 1892-93 owing to the insufficiency of funds. The President is requested to state whether it is so.

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
II	Head Office ...	162	139	103
III	Collection ...	165	232	186
IV	Conservancy ...	1,720	1,500	1,644
VII	Lighting ..	285	400	300
VIII	Public Works—			
	(*a*) Supervision ...	..	120	120
	Establishment .	1,847	2,700	4,050
IX	Charitable Grants ...	188	270	270
X	Education ...	150	120	120
XI	Miscellaneous ...	16	210	108
	Total.....	4,533	5,691	6,901

66. *II. Head Office.*—For reasons given in Para 6 *supra*, the provision under this head will be raised to Rs. 155.

67. *III. Collection.*—The provision (Rs. 52) made in the Budget for 1892-93 on account of commission for the collection of Mohatarfa has been omitted in the present Budget and Rs. 6 have been newly entered on account of contingencies, which used to be hitherto shown under an inappropriate head "*XI. Miscellaneous.*" Thus accounts for the net decrease of Rs 46 in the estimate proposed which is approved.

68. *VII. Lighting.*—The reduction in the rate of cost of lighting each of the 30 lamps in the town from Re. 1 to 12½ annas per mensem chiefly accounts for the decrease in the estimate, which is passed.

69. *VIII. Public Works.*—The following works are proposed to be executed during 1893-94.

		Rs
(1)	Repairing roads	750
(2)	Do drains	150
(3)	Constructing "V" drains	2,000
(4)	Do Cattle-pound	150
(5)	Compensation for houses and lands to be acquired for the improvement of the south-west portion of the town	1,000
		4,050

Items 3 *and* 5.—The proposals are approved.

70. *IX. Charitable Grants.*—The details under this head are given in the margin. The estimate, which is the same as that sanctioned for 1892-93, is approved.

	Rs.	1892-93. Rs.	1893-94. Rs.
* (*a*) ⅓ cost of Dispensary—			
1. Compounder at ...	7	28	28
2. Toti ...	6	24	24
3. Waterman ...	2	8	8
4. Contengencies ...	10	40	40
5. House rent ...	10	40	40
6. Charge allowance	10	40	40
(*b*) Moiety cost of midwife	...	90	90
		270	270

71. *XI. Miscellaneous.*—The provision under this head includes Rs. 48 on account of the salary of a peon proposed to be employed to look after the Cattle-pound, as the Board consider that by appointing a separate individual for the Pound in-stead of entrusting its management to the Octroi Mutsaddi as at present, the receipts from the Municipal Cattle Pound would considerably increase. The Deputy Commissioner is requested to state whether the Pound will be solely in the charge of the peon proposed to be appointed as it is doubtful whether a peon on Rs. 4 can be expected to satisfactorily discharge the clerical and other duties of Pound-keeper. Pending explanation, the estimate will stand.

TIRUMAKUDLU-NARSIPUR.

72. The estimates receipted of this Municipality for 1893-94 amount to Rs. 573 against Rs. 524, the actuals of 1891-92.

Items.	Details.	Actuals of 1890-91.	Actuals of 1891-92.	Estimate for 1893-94.
II	Tax on Houses ...	125	133	192
VII	Mohatarfa ...	135	212	214
X	Miscellaneous ...	103	179	167
	Total.....	363	524	573

73. *II. Tax on Houses and VII. Mohatarfa*—The estimates under these heads are stated to have been based upon the Jama-bandi figures of 1892-93 and are allowed to stand.

74. *X. Miscellaneous.*—The estimate under this head will be retained, pending the submission of information called for in Para 13 *supra*.

75. Including the opening balance of Rs. 704, the sum available for expenditure during 1893-94 is Rs. 1,277, of which Rs. 1,070 are proposed to be expended, leaving a balance of Rs. 207 at the end of the year.

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93	Estimate for 1893-94.
II	Head Office	15	13	16
III	Conservancy	170	180	266
VII	Lighting	66	72	126
IX	Public Works	660	525	450
X	Education ...	180	144	189
XI	Miscellaneous ...	...	15	23
	Total.....	1,091	949	1,070

76. *II. Head Office.*—The provision under this head will be raised by Rs. 8 with reference to the remarks contained in Para 6 *supra*.

77. *IV. Conservancy.*—The Board propose to increase the salaries of the 3 sweepers of the Municipality from 5 to Rs. 6 each per mensem and to purchase a wheel barrow at a cost of Rs. 50. The proposals are sanctioned and the estimate is approved.

78. *VII. Lighting.*—During 1892-93, there were only 6 lamps. During the current year, 2 more lamps are proposed to be purchased at a cost of Rs 30 and these and the existing lamps are to be lighted at a cost of Re. 1 each per lamp per mensem. This accounts for the increase in the estimate, which is passed.

79. *VIII. Public Works.*—The provision made is on account of the repairs of roads and drains at a cost of Rs. 150 and 300 respectively and is passed.

80. *X. Education.*—An increase of Rs. 45 provided under this head is stated to be on account of the increase of the Head Master's salary from Rs. 15 to 20 per mensem as suggested in Education Secretary's letter dated 20th March 1893, No. 5355—119. Before finally sanctioning the provision, the Deputy Commissioner is requested to state whether the increase was sanctioned by the Municipal Board and if so, a copy of their resolution should be forwarded. Meanwhile considering the low fee income of Rs. 120, the estimate will be struck out.

81. *XI. Miscellaneous.*—The estimate under this head will be allowed to stand pending the information called for in Para 13 *supra*.

SALIGRAM.

82. The receipts of this Municipality for 1893-94 are estimated at Rs. 660 against Rs. 217, the actuals of 1891-92.

Items.	Details.	Actuals of 1890-91.	Actuals of 1891-92.	Estimate for 1893-94.

	Total.....	493	217	660

83. *II. Tax on Houses and VII. Mohatarfa.*—The estimate under these heads which are stated to have been based upon the Jamabandi figures of 1892-93, are retained.

84. The other items call for no remark except that the information called for in Para 13 *supra* in regard to Pound receipts will be awaited.

85. Excluding the debit balance of Rs. 332 against the Municipality at the commencement of the year, the sum available for expenditure during 1893-94 is Rs. 328 of which Rs. 241 are proposed to be expended, leaving a balance of Rs. 87 at the end of the year.

Items.	Details.	Actuals of 1891-92.	Estimate for 1892-93.	Estimate for 1893-94.
II	Head Office ...	18	16	19
IV	Conservancy ...	49	192	192
VIII	Public Works ...	...	910	...
XI	Miscellaneous ...	..	...	30
	Total.....	67	1,118	241

86. *II. Head Office.*—In accordance with Para 6 *supra*, the estimate under this head will be raised from Rs. 19 to 29.

87. *XI. Miscellaneous.*—The provision under this head will be allowed to stand pending the submission of information similar to that called for in Para 13 *supra*.

RAMASAMUDRAM.

88. This Municipality was abolished on the recommendation of the Deputy Commissioner and no Budget has been submitted for the same. The attention of the Deputy Commissioner is invited to Para 53 of Government Proceedings dated 18th April 1893, No. 1068-72—L.205 and he is requested to state whether any collections were made by the Board in 1891-92 and whether there is any balance in its favor and whether with reference to Government Proceedings, dated 29th February 1892, No. 13707-8—1411, the people of the town desire the re-formation of the Municipality.

89. No Budget has been submitted for the Municipality of Sosale with reference to Government Proceedings dated October 1893, the Deputy Commissioner is requested to submit at an early date the Budget estimates of the Municipality.

90. Subject to the explanations called for, the Budget estimates of the several Municipalities of the Mysore District, except French Rocks Sub-Division, are sanctioned as noted in accompanying appendices, of which the following is an abstract :—

No.	Name of Municipality.	Opening Balance.	Estimated receipts.	Total.	Estimated Expenditure.	Closing Balance.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 12th December 1893.

READ:—

Letter, dated 15th July 1893, from the Deputy Commissioner of the Mysore District, submitting the Budget Estimates of the several Municipalities of the French Rocks Sub-Division for the year 1893-94.

No. 9131-5½—L. F. 164-93, DATED, BANGALORE, 12TH DECEMBER 1893.

ORDER THEREON.—Before reviewing the Budget Estimates of the several Municipalities of the French Rocks Sub-Division for the year 1893-94, Government regret to notice that there was considerable delay in the submission of the Budgets. They were not received in Government Office for upwards of 3½ months after the due date. Moreover the Budget Statements have not been carefully prepared in the Sub-Division Office nor have they been properly scrutinized in the District Office; for the details under "IV. Conservancy (*b*) Other Charges," "VII. Lighting" and "IX. Charitable Grants" have not been furnished and lump sum entries made in Budget Statement No. I do not correspond in some cases with the total of their details given in Statement No. III. In column No. 5 of Budget Statement No. I, intended to show the sanctioned estimate for 1892-93, the figures proposed by the Deputy Commissioner have been entered instead of those sanctioned by Government. Correct figures have however been adopted in these Proceedings. The Deputy Commissioner is requested to see that, in future, they are more carefully prepared.

SERINGAPATAM.

2. The estimated income of this Municipality for 1893-94 amounts to Rs. 10,317 against Rs. 9,213, the actuals of 1890-91 and Rs. 10,366, the sanctioned estimate for 1892-93.

Items.	Details.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.
		Rs.	Rs.	Rs.
I	Octroi	4,319	4,858	4,452
II	Tax on Houses ...	1,619	2,330	2,520
VII	Mohatarfa ...	1,766	2,182	2,298
IX	Fines	4	4	6
X	Miscellaneous ...	1,505	992	1,041
	Total.....	9,213	10,366	10,317

3. *I. Octroi, II. Tax on Houses and VII. Mohatarfa.*—The estimates which are based upon the probable collections of 1892-93, are approved. It should be stated whether the House and Mohatarfa taxes have been revised in this and other Municipalities in the Sub-Division as directed in Government Proceedings, dated 8th September 1892, No. 3839-48—L. F. 161-92, and if so to submit a special report on the result of the revision.

4. *X. Miscellaneous.*—The decrease compared with the actuals under this head, which is chiefly in "(*h*) Other Items" should have been explained. The estimates will not however be disturbed.

5. Including the opening balance of Rs. 1,041, the sum available for expenditure during 1893-94 is Rs. 11,358, of which Rs. 10,442 are proposed to be expended, leaving at the end of the year a balance of Rs. 916, which is less than 25 per cent of the receipts by Rs. 1,963. The proposed charges have therefore to be reduced.

Items.	Details of Expenditure.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.
		Rs.	Rs.	Rs.
II	Head Office ...	454	512	394
III	Collection ...	1,026	1,056	696
IV	Conservancy ...	2,649	3,048	3,048
V	Police	2,616	2,616	2,616
VII	Lighting	543	550	550
VIII	Public Works ...	2,524	2,000	1,650
IX	Charitable Grants ...	248	260	333
X	Education ...	1,076	1,152	1,080
XI	Miscellaneous ...	494	25	75
	Total.....	11,630	11,219	10,442

6. *II. Head Office.*—In the Budget for 1892-93, there was a provision for a Clerk on Rs. 25 for the Vice-President's Office and another on Rs. 20 for the Sub-Division Office. It is now proposed to reduce the former to Rs. 10 and raise the latter to Rs. 25. The revision proposed involving a net decrease of Rs. 120 a year is sanctioned. Government, however, observe that the proposed estimate does not include the contribution payable by this and other Municipalities in the Sub-Division towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. A sum of Rs. 197 will accordingly be added to the estimate and the same as well as the salary (Rs. 300) and contingencies (Rs. 24) of the Sub-Division Office Clerk will be distributed among the several Municipalities in proportion to their receipts as noted in the margin. The sanctioned provision for Seringapatam will thus amount to Rs. 506. It is noted that a remark appears in the Budget Statement No. III to the effect that "it is proposed to employ a Writer on Rs. 20 for the Seringapatam Municipality as there is sufficient current work in the Vice-President's Office," but the present Budget provides for a salary of Rs. 10 only against Rs. 25 sanctioned for 1892-93. The Deputy Commissioner is requested to explain whether no Clerk was employed in 1892-93 in the Vice-President's Office in accordance with the Budget provision, and if a Rs. 20 Clerk is now required, why provision is made for a salary of Rs. 10 only.

No.	Name of Municipality.	Head-quarter Office.	Sub-Division Office.	Total.
		Rs.	Rs.	Rs.
1	Seringapatam ...	136	226	362
2	Mandya	7	12	19
3	Krishnarajpet ..	6	10	16
4	Malvalli	8	13	21
5	Melkote	14	23	37
6	Nagamangala ...	8	11	19
7	Maddur	5	7	12
8	French Rocks ...	13	22	35
	Total.....	197	324	521

		Rs.
(1)	Contribution towards Establishments in the Dewan's, Comptroller's Offices as well as Sub-Division Office Clerk	362
Clerk in Vice-Presidents, Office		120
Contingencies of do		24
	Total.....	506

7. *III. Collection.*—The decrease under this head is due to the omission in the present Budget of provision sanctioned in 1892-93 on account of the salaries of 2 Mutsaddis and 2 Peons employed for the collection of House and Mohatarfa taxes. It is not explained how the taxes are proposed to be collected during 1893-94 and subsequent years. Pending explanation the estimate will stand.

8. *VII. Lighting.*—The provision under this head is stated to be on account of lighting 61 lamps in the town and cost of repairing lamps, &c. The President is requested to state the rate of lighting each lamp and what amount is included on account of repairing lamps, &c. Moreover the sum entered under this head in the Budget Statement No. 1 is Rs. 550, while the same is entered as Rs. 500 in Budget Statement No. III. The Deputy Commissioner is requested to state which of the figures has to be adopted as correct. Pending information, the estimate of Rs. 500 entered in Statement No. III will be sanctioned.

9. *VIII. Public Works.*—The provision made under this head is Rs. 1,500 on account of road original and Rs. 150 for other works. Owing to the insufficiency of funds, the provision for roads original will be reduced by Rs. 1,000. If the actual balance on 1st July 1893 be more than the estimate entered in the Budget, the Deputy Commissioner may submit a Supplemental Budget for additional funds required under this head.

10. *IX. Charitable Grants.*—The provision under this head consists of the marginally noted items.

	Rs.
(1) ½ cost of Local Fund Dispensary ...	140
(2) Vaccinator	120
(3) Maternity and other Charitable Grants	73
Total.....	333

11. *Item* (1).—Details under this item have not been furnished. This omission occurs in respect of the other Municipalities also, which maintain Local Fund Dispensaries. Such omissions should be guarded against in the future. The details entered in the D. F. Budget of the French Rocks Circle for 1893-94 will however be adopted in the present Budgets.

12. *Item* 3.—The details of the provisions under this item and the necessity for each should be fully stated. Meanwhile the estimate will be allowed to stand.

	Rs.
1 Compounder at 7 Rs. per mensem ...	28
1 Toti at 6 ,, do	24
1 Waterman at 2 ,, do	8
Charge allowance at 10 Rs.	40
Contingencies at 10 Rs.	40
Total.....	140

13. *X. Education.*—The omission of provision of Rs. 72 sanctioned in 1892-93 on account of a moiety of the school furniture in Government Proceedings, dated 10th May 1892, No. 2323—L. 334, accounts for the decrease in the estimate, which is sanctioned.

14. *XI. Miscellaneous.*—The estimate of Rs. 75 entered under this head consisting of the marginally noted items makes no provision whatever in this as well as in other Budgets also, on account of feeding charges of the impounded cattle and remuneration to pound-keepers. The attention of the Deputy Commissioner is invited to Government Proceedings, dated 12nd September 1892, No. 3547-56—L. F. 151-92, and he is requested to furnish information in regard to "pounds" in the manner prescribed therein. Owing to the paucity of funds, the provision for unforeseen expenditure will be reduced from Rs. 50 to Rs. 25.

	Rs.
(1) Rewards to dog and snake killers ..	25
(2) Unforeseen expenditure ...	50

MANDYA.

15. The income of this Municipality for 1893-94 is estimated at Rs. 512 against Rs. 721, the actuals of 1890-91.

		Rs.	Rs.
II.	Tax on Houses ...	135	160
VII.	Mohatarfa ...	323	310
X.	Miscellaneous ...	263	42
	Total.....	721	512

16. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads are sanctioned.

17. *X. Miscellaneous.*—The decrease under this head is chiefly in "(*h*) Other Items" which is an item of uncertain nature, and calls for no remark. The estimate is passed subject to the submission of information called for in Para 13 *supra*.

18. Excluding from the receipts the minus balance of Rs. 450 against the Municipality, the sum available for expenditure during 1893-94 is Rs. 62, whereas the proposed charges exceed this amount by Rs. 445. The charges have therefore to be reduced considerably.

Items.	Details of Expenditure.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.
		Rs.	Rs.	Rs.
II	Head Office	12	11	11

IX	Charitable Grants ...	...	...	...
X	Education	20	...	...
XI	Miscellaneous ...	...	10	15
	Total.....	1,011	492	507

19. *II. Head Office.*—A sum of Rs. 24 is newly entered under this head in this and a few other *Municipalities on account of contingencies of the Vice-President's office. The necessity for this has not been explained. The omission should be supplied. Pending information the provision made will be struck out. For reasons given in Para 6 *supra*, the provision under this head will be raised to Rs. 19.

	Rs.
* Mandya	3
Krishnarajpet	3
Malvalli	9
Melkote	3
Nagamangala	3
French Rocks	3
Total.....	24

20. Owing to the poverty of the Municipality, the grant-in-aid hitherto paid by it towards the cost of the English school in the town and the cost of L. F. Dispensary have been transferred to the Educational and D. F. Budgets and no provisions have in consequence been made under "X. Education" or "IX. Charitable Grants" in the present Budget. Considering that there is a minus balance against the Municipality, the provision made for road repairs (Rs. 75) will be struck out and that made under X. Miscellaneous reduced to Rs. 5.

Under Government Proceedings No. 14205-9—L. 1476, dated 2nd March 1892, and 12014-6—L. 1171, dated 28th January 1892 respectively.

21. The estimate as above sanctioned reduces the closing debit balance to Rs. 358. The Deputy Commissioner is requested to abolish the Conservancy Establishment till the minus balance is wiped off and make the expenditure equal to the receipts. Meanwhile the provision under conservancy will be reduced by Rs. 358.

Krishnarajpet or Attikuppa.

22. The President estimates the receipts of this Municipality for 1893-94 at Rs. 459, the same as the actuals of 1891-92 as shown in the margin. The estimate is fair and calls for no remark except that the information called for in Paras 3 and 14 *supra* should be submitted.

		Actuals of 1891-92.	
		Rs.	Rs.
II.	Tax on Houses ...	139	139
VII.	Mohatarfa	151	149
X.	Miscellaneous ...	169	171
	Total...	459	459

23. Including the opening balance of Rs. 619, the sum available for expenditure during 1893-94 is Rs. 1,078, of which Rs. 698 are proposed to be expended, leaving a balance of Rs. 380 at the end of the year.

		Rs.	Rs.	Rs.
II.	Head Office ...	32	7	20
IV.	Conservancy ...	156	120	120
VII.	Lighting ...	97	70	70

IX.	Charitable Grants	166	163	163
XI.	Miscellaneous ...	1	75	25
	Total...	1,000	985	698

24. *II. Head Office.*—In accordance with Paras 6 and 19 *supra*, the estimate under this head will be altered to Rs. 16.

25. *VIII. Public Works.*—The provision made is for the following works proposed to be executed during 1893-94. The estimate is passed.

		Rs.
(1)	Repairing roads	50
(2)	Do drains	200
(3)	Reserve to meet unforeseen expenditure under other sub-heads	50
	Total 300	

26. *IX. Charitable Grants.*—The details of the provision made under this head are given in the margin. The estimate is approved.

		Rs.
(*a*)	3rds cost of Dispensary—	
	1. Compounder at 7 Rs. per mensem ...	28
	2. Toti „ 6 „ do ...	24
	3. Waterman „ 2 „ do ...	8

	5. Contingencies „ 10 ...	40
	6. House rent „ 4 ...	16
	Total 156	
(*b*)	Contribution towards the salary of midwife	7
	Total 163	

27. *XI. Miscellaneous.*—The estimate under this head will be allowed to stand, pending the information called for in Para 14 *supra* in regard to Pounds.

MALVALLI.

28. The Municipal Board estimate the receipts of this Municipality for 1893-94 at Rs. 614 against Rs. 668, the actuals of 1891-92.

		Rs.	Rs.
II.	Tax on Houses ...	329	350
VII.	Mohatarfa ...	253	194
X.	Miscellaneous ...	86	70
	Total...668		614

29. *II. Tax on Houses and VII. Mohatarfa.*—The variations under these heads have not been explained. The omission should be supplied and the information called for in Para 3 *supra* should be furnished. Pending information, the estimates will be allowed to stand.

30. Including the opening balance of Rs. 146, the sum available for expenditure during 1893-94 is Rs. 760, while the proposed charges exceed this amount by Rs. 373. The charges proposed have therefore to be reduced.

		Rs.	Rs.	Rs.
II.	Head Office ...	16	13	23
IV.	Conservancy ...	540	432	432
VII.	Lighting	125	120	100

XI.	Miscellaneous ...	55	54	60
	Total.....	1,330	1,537	1,133

31. *II. Head Office.*—As directed in Paras 6 and 19 *supra*, the estimate under this head will be altered to Rs. 21.

32. *VII. Lighting.*—Details under this head have not been furnished. Considering the insufficiency of funds, the provision under Lighting will be struck out.

33. *VIII. Public Works.*—Owing to the paucity of funds, items 1 and 3 will be struck out, and the provision under (2) reduced to Rs. 50.

		Rs.
1.	Repairing roads	200
2.	Do drains	100
3.	Reserve to meet unforeseen expenditure	50
	Total.....	350

34. *IX. Charitable Grants.*—The provision under this head consists of the marginally noted items.

		Rs.
(1)	½rd cost of Dispensary ...	156
(2)	Contribution towards the salary of Mid-wife	12
	Total.....	168

35. *Item* 1.—The sanctioned scale of charges on account of the Local Fund Dispensary is only Rs. 140, as noted in the margin and not Rs. 156 as entered in the Budget. The former figure will be inserted in the Budget.

		Rs.
1	Compounder at 7 Rs.	28
1	Toti ... „ 6 „	24
1	Waterman „ 2 „	8
Charge Allowance	„ 10 „	40
Contingencies	„ 10 „	40
	Total.....	140

36. *Item.* 2.—calls for no remark except that it should be stated whether a midwife has been entertained for the Taluk and if so, on what salary.

37. *XI. Miscellaneous.*—The estimate under the sub-head "(*h*) Other Items" will be disallowed, and the provision reduced to Rs. 10 subject to the submission of information called for in Para 14 *supra*.

MELKOTE.

38. The receipts of the Municipality for 1893-94 are estimated at Rs. 1,058 against Rs. 864, the actuals of 1891-92.

		1890-91. Rs.	1891-92. Rs.	1893-94. Rs.
II.	Tax on Houses ...	221	281	316
VII.	Mohatarfa ...	270	267	361
VIII.	Rents ...	..	...	70
X.	Miscellaneous ...	123	296	311
	Total.....	614	864	1,058

39. *II. Tax on Houses and VII. Mohatarfa.*—The estimates, which are based upon the probable collections of 1892-93, will be retained.

40. The other items call for no remark.

41. The estimated balance on 1st July 1893 is given as Rs. 1,291 against the Municipality, but the same according to Government Proceedings, dated 23rd August 1893 No. 3543-8—L. F. 201-92, is only Rs. 445, which will be adopted in the Budget.

42. Deducting from the estimated receipts, the debit balance of Rs. 445, the sum available for expenditure during 1893-94 is Rs. 613, but the proposed charges exceed this amount by Rs. 270. The charges have therefore to be reduced.

Items.	Details of Expenditure.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.
		Rs.	Rs.	Rs.
II	Head Office ...	18	18	18
IV	Conservancy ...	296	336	336
VII	Lighting	63	100	100
VIII	Public Works ...	1,344	...	...
IX	Charitable Grants ...	...	...	16
X	Education ...	293	288	288
XI	Miscellaneous ..	169	160	125
	Total.....	2,278	902	883

43. *II. Head Office.*—With reference to the remarks contained in Paras 6 and 19 *supra*, the estimate will be raised by Rs. 19.

44. *VII. Lighting.*—Considering the insufficiency of funds, the provision under this head will be struck out.

45. *IX. Charitable Grants and XI. Miscellaneous.*—Owing to the paucity of funds, the provision of Rs 125 made under the latter head will be struck out. A new item has been inserted under "Maternity" amounting to Rs. 16. Pending explanation, the provision will be struck out.

46. *X. Education.*—The omission of provision of Rs. 57 sanctioned for 1892-93 on account of moiety cost of furniture accounts for the decrease in the present estimate, which is retained.

47. The estimated expenditure as above sanctioned reduces the debit balance at the end of the year to Rs. 45 and the provision for conservancy will be reduced by that amount.

Nagamangala.

48. The estimated receipts of this Municipality for 1893-94 amount to Rs. 581 against Rs. 787, the actuals of 1891-92.

Items.	Details.	Actuals of 1890-91.	Actuals of 1891-92.	Estimate for 1893-94.
II	Tax on Houses ...	120	209	269
VII	Mohatarfa ...	160	287	208
X	Miscellaneous ...	103	291	104
	Total . ..	383	787	581

49. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads are not justified by the actuals of 1891-92 nor are they based upon the probable collections of 1892-93, which are given as Rs. 218 and 159 respectively. The variations should be explained. Meanwhile the estimates will stand, pending the information called for in Para 3 *supra*.

50. *X. Miscellaneous.*—The decrease under these heads is almost entirely in "(*a*) Sale of house sites" and "(*n*) Other Items," which are items of uncertain nature. The estimate is passed.

51. Including the opening the balance of Rs. 116, the sum available for expenditure during 1893-94 is Rs. 697, of which Rs. 531 are proposed to be expended, leaving a balance of Rs. 166 at the end of the year.

Items.	Details of Expenditure.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.
II	Head Office ...	10	11	11
IV	Conservancy ...	256	192	192
VII	Lighting	47	...	...
VIII	Public Works ...	536	...	150
IX	Charitable Grants ...	...	148	148
XI	Miscellaneous ...	15	31	30
	Total.....	864	382	531

52. *II. Head Office.*—In accordance with Paras 6 and 19 *supra*, the provision under this head will be raised by Rs. 8.

53. *VII. Lighting.*—Owing to the inadequacy of funds, no provision has been made under this head.

54 *VIII. Public Works.*—The provision made under this head is for the following works to be executed during 1893-94 and is passed:—

	Rs.
(1) Repairing roads	100
(2) Reserve to meet expenditure under other sub-heads ...	50
Total 150	

55. *IX. Charitable Grants.*—The provision under this head consists of Rs. 140 on account of $\frac{1}{3}$ cost of Local Fund Dispensary in the town and Rs. 8 on account of contribution towards the salary of the midwife. As the Municipality was relieved of the charges connected with the Local Fund Dispensary, the same having been duly provided for in the District Fund Budget of the Frech Rocks Circle under Para 2 of Government Proceedings dated 28 January 1892, No. 12014—L. 1171, the former item will be struck out. As regards item 2, the Deputy Commissioner is requested to state whether a midwife has been appointed and if so, on what salary. Pending information, the estimate will be allowed to stand.

56. *XI. Miscellaneous.*—The provision made under this head will be allowed to stand, pending the receipt of information called for in Para 14 *supra*.

Maddur.

57. The Municipal Board estimate the income of this Municipality for 1893-94 at Rs. 406 against Rs. 299, the actuals of 1891-92.

Items.	Details.	Actuals of 1890-91.	Probable Collections for 1892-93.	Estimate for 1893-94.
II	Tax on Houses ...	165	45	170
VII	Mohatarfa ..	119	96	226
X	Miscellaneous ...	34	38	10
	Total.....	318	179	406

58. *II. Tax on Houses and VII. Mohatarfa.*—The large increase under these heads has not been explained and the estimates appear to have been framed without any regard to probable collections or actuals of any kind. The probable collections are moreover so extraordinarily low that the Deputy Commissioner should have furnished an explanation in regard to them. Pending a full explanation, the estimates will be reduced to Rs. 100 and Rs. 150 respectively.

59. The estimate as above modified comes to Rs. 260. Adding to this the opening balance of Rs. 222, the sum available for expenditure during 1893-94 is Rs. 482, while the proposed charges exceed this amount by Rs. 343. The expenditure proposed has therefore to be curtailed.

Items.	Details of Expenditure.	Actuals of 1890-91.	Estimate for 1892-93.	Estimate for 1893-94.
		Rs.	Rs.	Rs.
II	Head Office ...	11	6	6
IV	Conservancy... ...	212	228	228
VII	Lighting ...	75	120	120
VIII	Public Works ...	...	700	450
IX	Charitable Grants ...	...	6	11
XI	Miscellaneous ...	...	10	10
	Total.....	298	1,070	825

60. *II. Head Office.*—In conformity with Paras 6 and 19 *supra*, the estimate under this head will be altered to Rs. 12.

61. *VII. Lighting.*—The provision of Rs. 120 under this head will be struck out.

62. *VIII. Public Works.*—The estimate proposed under this head is for the following works proposed to be executed during 1893-94 :—

		Rs.
(1)	Repairing roads	300
(2)	Do drains	150
		450

Owing to the insufficiency of funds, the provisions will be reduced to Rs. 100 under each head.

63. *IX. Charitable Grants.*—The provision made under this head on account of the pay of the midwife will be retained, pending information as to whether a midwife has been entertained and if so, on what salary.

64. *XI. Miscellaneous.*—The provision made under this head will be passed subject to the submission of information called for in Para 14 *supra*.

French Rocks.

65. The receipts of the Municipality for 1893-94 as estimated by the President amount to Rs. 1,006 against Rs. 384, the actuals of 1891-92.

			Rs.	Rs.
II	Tax on houses	...	130	160
VII	Mohatarfa	.	178	254
X	Miscellaneous	...	76	592
			384	1,006

66. *II. Tax on Houses and VII. Mohatarfa.*—The increased estimates under these heads are supported by the probable collections of 1892-93 and will be passed.

67. *X. Miscellaneous.*—Almost the whole increase under this head is in the sub-head "(g) Sale of manure", under which Rs. 520 are expected to be realised against Rs. 20 collected in 1891-92. The large increase is based upon the probable collections of the 2nd half of the year which amounted to Rs. 270. The estimate is passed.

68. Excluding the debit balance of Rs. 397 against the Municipality, the sum available for expenditure during 1893-94 is Rs. 609, but the proposed charges amount to Rs. 860 as shown in the margin or Rs. 251 in excess of the funds available. The proposed expenditure has therefore to be curtailed.

	Rs.	Rs.	Rs.
II Head Office ...	9	9	9
IV Conservancy ..	279	228	708
VII Lighting ...	89	...	..
VIII Public Works ...	0	...	..
IX Charitable Grants...	69	...	8
X Education ...	110	..	120
XI Miscellaneous ...	31	15	15
Total.....587	252		860

69 *II Head Office.*—A sum of Rs. 26 will be added to the estimate under this head to meet the contribution payable by this Municipality towards the cost of establishments maintained in the Dewan's and Comptroller's Offices in accordance with Paras 6 and 19 *supra*.

70. *IV. Conservancy*—The estimate under this head as entered in Budget Statement No. I is Rs. 708, whereas the same is given as Rs. 228 only in the Budget Statement No. III. The difference, *viz.*, Rs. 480, is on account of carts, &c. Owing to the insufficiency of funds the provision of Rs. 480 made on account of carts will be reduced to Rs. 290.

71. *IX. Charitable Grants.*—The new provision made on account of contribution payable towards the salary of a midwife will be struck out, pending the receipt of information as to whether the midwife has been appointed for the Taluk and if so, on what salary.

72. *X. Education.*—In the Municipal Budget for 1892-93, no provision was made under this head as the grant-in-aid hitherto paid by the Municipality had been, owing to the poverty of Municipal funds, transferred to the Educational Budget (*vide* Education Secretary's letter, dated 7th March 1892, No. 7412—55) and it is not clear why any provision has been made under this head. The amount will be struck out, pending information as to the necessity for the provision under this head.

73. *XI. Miscellaneous.*—The provision under this head will be retained subject to the submission of report called for in Para 14 *supra*, in regard to Pounds.

74. Subject to the remarks and explanations, called for, the Budget Estimates of receipts and expenditure of the several Municipalities of the French Rocks Sub-Division for the year 1893-94 will stand as shown in the accompanying appendices, of which the following is an abstract :—

Number.	Municipality.	Estimated Balance on 1st July 1893	Estimated Receipts for 1893-94.	Total including Balance.	Estimated Expenditure for 1893-94	Estimated Balance, on 30th June 1894.
1	Seringapatam	1,041	10,317	11,358	9,455	1,403
2	Mandya	—450	512	62	62	...
3	Krishnarajpete or Attikuppa...	619	459	1,078	694	384
4	Malvalli	146	614	760	665	95
5	Melkote	—445	1,058	613	613	...
6	Nagamangala	116	581	697	399	298
7	Maddur	222	260	482	461	21
8	French Rocks	—397	1,006	609	568	41
	Total.....	852	14,807	15,659	1,2917	2,242

In conclusion Government are constrained to observe that the administration of Municipalities in the French Rocks Sub-Division is unsatisfactory. Expenditure is incurred or proposed without regard to income, the statistics are inaccurate and reports are received with much delay. It is hoped that the Deputy Commissioner will adopt due measures to remove this unsatisfactory state of things.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Mysore District, with Appendices A, B and C.
The Comptroller.
The Secretary to the Dewan in the Education Department.
The Chief Engineer.
The Senior Surgeon.
The Sanitary Engineer.

Memo No. 9136-42—L. F. 164-93.

Copies to Deputy Commissioners of other Districts.

PART I

LOCAL BOARDS BRANCH—LOCAL FUNDS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 1st December 1893.

READ.—

Docket, dated 11th October 1893, No. 233, from the Deputy Commissioner of the Kadur District, stating that it was suggested by the members of the Local Fund Board that all important Proceedings of Government, relating to Local Fund Branch might be circulated among the non-official members in view to keep them better acquainted with the details of the District Fund affairs and recommending therefore that a larger number of spare copies of all important Government Proceedings (including those of the several meetings) may be supplied for circulation.

No. 8674-82—L. F. 158-93, DATED, BANGALORE, 1ST DECEMBER 1893.

ORDER THEREON.—Government are pleased to direct that in future a dozen copies of all *printed* Proceedings of Government relating to District Funds and of the Proceedings of the meetings of Local Fund Board will be furnished to Deputy Commissioners for circulation among members.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Kadur District.
The Deputy Commissioners of other Districts.
The Superintendent, Government Press.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 8th December 1893.

READ :—

Docket, dated 18th August 1893, No. 553—130, from the Deputy Commissioner of the Kolar District, submitting a statement of incomplete works to be executed by Revenue Officers and requesting appropriation of Rs. 9,121—3—10 from District Funds.

Do dated, 16th November 1893, No. 1655—413.

No. 8950-52—L. F. 110-92, DATED, BANGALORE, 8TH DECEMBER 1893.

ORDER THEREON.—The cost of incomplete works included in the list received with the above amounting to Rs. 9,121—3—10 as shown in the following abstract statement is sanctioned :—

No.	Taluk.	Amount of Estimate.	Amount spent up to 30th June 1893.	Appropriation required during 1893-94.
1	Kolar	1,416 10 0	40 0 0	1,376 10 0
2	Bowringpet	1,416 0 0	... .	1,416 0 0
3	Chintamani	2,104 8 0	214 13 0	1,889 11 0
4	Mulbagal	337 4 0	35 0 0	302 4 0
5	Chikballapur	2,390 0 0	317 9 0	2,072 7 0
6	Bagepalli	974 0 0	420 8 0	553 8 0
7	Malur	1,318 0 0	701 1 9	616 14 3
8	Srinivaspur	1,054 8 0	467 15 5	586 8 7
9	Gudibanda	502 0 0	194 11 0	307 5 0
	Total.....	11,512 14 0	2,391 10 2	9,121 3 10

This will be treated as an addition to the current year's District Fund Budget grant of the Kolar Circle.

2. The Budget Estimates of receipts and expenditure of the Kolar Circle as now sanctioned will stand as shown below : —

		Rs.
Actual balance as furnished by the Comptroller		1,30,294
Receipts		68,910
		1,99,204
(1) Public Works to be executed by Public Works Department ...		72,500
(2) Do Revenue Department already sanctioned ...		34,332
Do do now sanctioned		9,121
(3) Civil Charges		22,872
Total.....		1,38,825
Closing Balance.....		60,379

3. As the closing balance exceeds the maximum balance of 30 per cent by nearly Rs. 40,000, Government will be glad if the Deputy Commissioner can propose in communication with the Board, additional works chiefly drinking water wells, to the extent of Rs. 20,000.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Kolar District.
The Comptroller to the Government of Mysore.
The Chief Engineer of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 16th December **1893.**

READ :—

Docket, dated 15th October 1893, No. A, from the Deputy Commissioner of the Kolar District, submitting as called for in Government Proceedings, dated 19th September 1893, No. 5160-68—L. F. 88-93, a statement of works proposed to be executed during 1893-94 at an aggregate cost of Rs. 14,810 as shown in the margin, out of the grant of Rs. 15,000 sanctioned from Local Funds General.

No.	Taluks.	Total Amount required.	Contribution promised.	Balance to be met from Local Funds General.
1	Kolar	1,800	150	1,650
2	Malur	1,000	...	1,000
3	Sidlaghatta	1,500	50	1,450
4	Goribidnur	1,700	...	1,700
5	Bagepalli	440	...	440
6	Gudibanda	450	...	450
7	Bowringpet ...	1,400	...	1,400
8	Srinivaspur	700	...	700
9	Chikballapur ...	900	...	900
10	Mulbgal	1,020	...	1,020
11	Chintamani	1,400	...	1,400
12	Kolar Town	2,500	...	2,500
	Total.....	14,810	200	14,610

No. 9413-4—L. F. 126-93, DATED, BANGALORE, 16TH DECEMBER 1893.

ORDER THEREON.—The list of works received with the above includes Rs. 2,500 proposed to be spent on the improvement of the Kunte in the District Office compound at Kolar. As the Kunte is situated in the compound of Government building, the amount required for its improvement cannot be sanctioned from Local Funds General. The execution of the remaining works at an aggregate cost of Rs. 12,110, exclusive of the contribution promised by raiyats, is sanctioned as per details shown in the accompanying statement.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Kolar District, with statement of incomplete works.
The Comptroller to the Government of Mysore.

Statement showing the details of works proposed to be undertaken in 1893-94 in the Kolar District out of the grant of Rs. 15,000 sanctioned for this District in Government Proceedings No. 5160-68—L. F. 88-93, dated 19th September 1893.

District.	Taluk.	Town or Village.	Description of Works proposed to be executed.				Deputy Commissioner's opinion on each Work.
			Name.	Necessity or Usefulness.	Approximate cost.	Contribution expected, if any.	
Kolar.	Kolar.	Kolar ...	A well by the side of Bowringpet road near 8th mile stone.	The well will be useful for travellers and cattle passing on the road	400	...	Recommended.
		Do ...	Improving the kunta near the Barr lines.	The water of this kunta is used by the sepoys as well as by towns-people. The proposed improvement is necessary	300	...	Do
		Vaklera ...	Improving the kunta near the village.	Very useful to the people visiting the place during the annual Jatra	300	...	Do
		Kolar ...	Repairing a mantapam ...	The mantapam is situated by the side of Anche Venkatappa's well and its repair will be very useful to the towns people	200	...	Do
		Sugatur ...	Well	Want of a drinking water well is badly felt at this place	300	...	Do
		Kolar ...	Tunnel	Construction of a tunnel across the kodi halla of the Kolar big tank is necessary for the Holeyars of the newly established Digupalya	300	150	Do
				Total.....	1,800	150	

Kolar.	Malur.	Jagadenahalli ...	Well	There is at present no well in this village. The tank does not supply water owing to a breach in the kodi. Hence a well is necessary	200	...	Do
		Kempanahalli ...	Do	No well near this village. There is a stone well at a distance of ½ a mile from the village. It is used both by the people and cattle during the rainy season. As the small supply of water in the well during summer is dirtied by the cattle and rendered unfit for human use; the proposed well is much needed by the villagers ...	200	...	Do
		Chakanahalli ...	Do	There is no well in this village. The descending well at a distance of 2 furlongs from the village is in a dilapidated condition and gets dry during summer. Hence the proposed well is necessary	200	...	Do
		Between Yelesandra and Chik Danavahalli.	Do	There is no draw well at either of these 2 villages. The existing descending well gets dry during summer when want of drinking water is much felt by the villagers	200	...	Do
		Godagahalli ...	Do	No well in this village at present. The villagers use the water of the tank situated at a distance of ½ a mile from the village and which gets dry during summer. Hence a well is necessary	200	...	Do
				Total.....	1,000	...	
	Sidlaghatta.	Hiriyelachanahalli.	Do	As there is no well near the Dibburhalli Traveller's Bungalow, much difficulty is experienced by travellers occupying the same	500	...	Do
		Gandlachinte ..	Do	There are about 40 houses in this village which has no well in it. The villagers use the water of the tank which gets dry during summer	400	...	Do
		Gollahalli ...	Do	There is an old well in this village and it gets dry during the hot weather. Its improvement is necessary.	100	...	Do

District.	Taluk.	Town or Village.	Description of Works proposed to be executed.				Deputy Commissioner's opinion on each Work.
			Name.	Necessity or Usefulness.	Approximate cost.	Contribution expected, if any.	
Kolar.	Sidlaghatta.	Ganjagunte ...	Well.	There is a well near the Police Station and it is out of order. Its repair is necessary for the benefit of the Police and travellers	200	...	Recommended.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 18th December 1893.

READ :—

Docket from the Deputy Commissioner of the Kolar District, dated 18th August 1893, No. 554—131, submitting a list of incomplete works of previous years requiring completion during 1893-94 at an outlay of Rs. 14,290—10—0 as shown in the margin.

No.	Taluks.	Amount sanctioned.			Amount spent.			Balance for which appropriation is required.		
1	Kolar ...	2,355	8	0	197	9	0	2,157	15	0
2	Bowringpet ...	2,989	2	0	158	0	0	2,831	2	0
3	Chintamani ...	827	0	0	342	5	6	516	0	0
4	Mulbagal ...	1,145	0	0	305	0	0	840	0	0
5	Sidlaghatta ...	2,296	0	0	170	0	0	2,126	0	0
6	Chikballapur ...	209	0	0	...	...	...	209	0	0
7	Bagepalli ...	260	0	0	165	0	0	94	0	0
8	Goribidnur ...	2,169	8	0	39	0	0	2,130	8	0
9	Malur	1,770	0	0	198	12	0	1,571	4	0
10	Srinivaspur ...	1,764	7	0	506	4	0	1,258	3	0
11	Gudibanda ...	698	0	0	132	6	0	565	10	0
	Total	16,474	9	0	2,215	4	6	14,290	10	0

No. 9428-9—L. F. 170-93, DATED, BANGALORE, 18TH DECEMBER 1893.

ORDER THEREON.—It is observed that for sinking a well at Chinnasandra in the Chintamani Taluk a sum of Rs. 31—5—6 is shown to have been spent in excess of the estimate sanctioned for the same. The necessary supplemental estimate should be submitted for the extra cost.

2. The correct total of the work sanctioned in the Srinivaspur Sub-Taluk according to the details furnished comes to Rs. 1,764—7—0 not Rs. 1,340 as erroneously entered in the statement of incomplete works. The necessary correction has been made in this office.

3. The list of incomplete works amounting to Rs. 14,290—10—0 is sanctioned. The cost should be met from Local Funds General for this District and incomplete works should have preference over the new works sanctioned in Proceedings No. 9113-4—L. F. 126-93, dated 16th December 1893. Government note that the Amildars have been warned by the Deputy Commissioner to push on the works to a completion as early as practicable.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Kolar District.
The Comptroller to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 19th December 1893.

READ:—

Letter from the Deputy Commissioner of the Chitaldroog District, dated 24th August 1893, No. 155—133, submitting the explanation called for in Government Proceedings, dated 22nd April 1893, No. 17337-41—L. F. 111-92, in regard to the District Fund Budget Estimates of the Kolar Circle for 1893-94.

No. 9550-54—L. F. 111-92, DATED, BANGALORE, 19TH DECEMBER 1893.

ORDER THEREON.—

RECEIPTS.

II. Sale of Stray Cattle and III. Fines for Cattle Trespass.—The original estimates under these heads which were retained at Rs. 6,210 will now be raised to Rs. 8,300 for reasons given in the above, a provision of Rs. 2,090 being made on the side of expenditure on account of fodder charges and remuneration to pound-keepers. The supplemental estimate of Rs. 2,090 should be distributed between II and III.

Para of Government Proceedings, 1		Para of Deputy Commissioner's letter, 1		
		As originally proposed.	*As now proposed.*	
(*a*)	II Sale of stray cattle ...	910	910	
(*b*)	III Fines for cattle trespass ...	5,300	5,300	
(*c*)	Feed on account of fodder charges	...	1,400	
(*d*)	Amount deducted on account of remuneration to pound-keepers	...	690	
		6,210	8,300	

2. *IV. Ferry Collections.*—Under the circumstances now stated, the estimate will be altered to Rs. 445 which is stated to have been fetched by auction of the right to ferry boats by contract at all the ferries in the District as noted in the margin.

Name of Ferry.	*Taluk.*
1. Dhobhole ...	Davangere.
2. Nandigudi ...	Do
3. Sarathi ...	Do
4. Ukkadagathri ...	Do
5. Govankal ...	Do

Opening Balance.—According to the Comptroller's accounts for 1892-93 since received in Government Office, the actual balance in favor of the Local Fund Circle on 1st July 1893 is Rs. 41,054 which will be adopted in the Budget in lieu of Rs. 38,191 entered in the Budget already sanctioned.

EXPENDITURE.

Civil Charges, III. Hospitals and Dispensaries.—Under the circumstances now explained, the estimate already proposed will be sanctioned to meet $\frac{2}{3}$ cost of furniture debitable to District Funds.

V. Sweepers for Bungalow, &c.—The proposal to employ caretakers on Rs. 2 each for the marginally noted 3 Musafarkhanas built or are being built at the cost of Local Funds General is approved and the provision made for the same is approved.

1. Kotige on the road between Holalkere and Hosdurga.
2. Kollahalli in Chitaldroog Taluk.
3. Tammenahalli, Molakalmuru Taluk.

VI. Conservancy and Sanitary Charges.—The details of the lump sum provision of Rs. 8,000 sanctioned under this head have been now given by the Deputy Commissioner and they are shown in the accompanying statement.

Para of Government Proceedings, 11	Para of Deputy Commissioner's letter, 6

X. *Miscellaneous.*—A sum of Rs. 3,090 will be entered under this head on account of cattle pounds as shown in the margin.

Para of Government Proceedings, 15	Para of Deputy Commissioner's letter, 1

	Rs.
1. Fodder charges	1,400
2. Remuneration to pound-keepers...	690
3. Construction and repair of cattle pounds	1,000
Total.....	3, 90

Public Works to be executed by Public Works Department.— I. Original Works.—Under the circumstances now explained by the Executive Engineer in his docket submitted with the letter read above, the provisions made for the marginally noted two roads are passed.

Para of Government Proceedings, 17	Para of Deputy Commissioner's letter, 7

	Rs.
1. Sosale-Santebennur road ...	2,000
2. Road from Naikanhatti to Jagalur...	2,500

The District Fund Budget Estimates of the Chitaldroog District for 1893-94 as now sanctioned will stand as shown in the accompanying consolidated Budget statement, of which an abstract is given below :—

		Rs.
(1)	Actual balance on 1st July 1893	41,054
(2)	Estimated receipts for 1893-94, 37,119+2,090+95 ...	39,304
(3)	Total including balance	80,358
(4)	Expenditure—	
	(*a*) Civil charges (14,842+3,162)	18,004
	(*b*) Public Works to be executed by Public Works Department	38,810
	(*c*) Do Revenue Department ...	5,000
	Total expenditure	61,814
(5)	Closing balance	18,544

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Chitaldroog District.
The Comptroller to the Government of Mysore.
The Chief Engineer of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Sanitary Engineer with the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 20th December 1893.

READ :—

Letter from the D eputy Commissioner of the Mysore District, dated 2nd November 1893, No. 515, submitting a Supplemental District Fund Budget Estimate of the French Rocks Circle for 1893-94 amounting to Rs. 6,665 required on account of the marginally noted items.

		Rs.
(1)	Travelling allowance to non-official Members ...	450
(2)	List of incomplete works of 1892-93 to be executed by Public Works Department ...	6,000
(3)	Cholera charges incurred in the Mandya Taluk...	15
(4)	Furniture for Local Funds Dispensaries ...	200
	Total.....	6,665

No. 9614-6—L. F. 202-92, DATED, BANGALORE, 20TH DECEMBER 1893.

ORDER THEREON.—Items 1 and 3 amounting to Rs. 465 are sanctioned.

2. *Item* 2. Before according sanction to the list of incomplete works, the Deputy Commissioner is requested to state whether the Local Fund Board of the French Rocks Circle have approved of the same. If so, a copy of their resolution should be submitted for the information of Government. If not, the matter should now be laid before them and their opinion obtained.

3. As regards Item 4, the Deputy Commissioner is requested to furnish a statement of articles with their prices proposed to be supplied to each of the Dispensaries in the Sub-Division, and the date of last supply and state in what proportions the cost is debitable to Municipal Funds of each town and the District Fund of the French Rocks Circle.

4. It is noted that owing to the insufficiency of Municipal or District Funds, the Sub-Division Officer requests that a grant of Rs. 1,000 may be sanctioned from Local Funds General for a good drinking water well at Kasaba Krishnarajpete, where scarcity of drinking water is much felt. If a well is absolutely necessary, it may be included in the list of works called for in Government Proceedings, dated 19th September 1893, No. 5160-68—L. F. 88-93.

														Civil, Revenue and Criminal.	

3. Of the Assistant Commissioners named in the foregoing list:—

(1.) Mr. Puttanna Chetty was nearly 33 years old, when in November 1886, owing to the transfer of the Railway to the Southern Mahratta Railway Company, he was appointed an Assistant Commissioner on Rs. 300, the same salary as he was drawing as Traffic Superintendent in the Railway.

(2.) Mr. Annaji Rao was 41 years old when in June 1886, he was promoted to Assistant Commissioner, 4th Class, on Rs. 250 from Munsiff, 1st Class, on Rs. 250.

(3)—(4.) Mr. V. N. *Gopaliaengar* and Mr. *Narainaiengar* were about 44 years old when in January 1889, they were promoted to Assistant Commissioner, 4th Class, on Rs. 250 from Amildar on Rs. 200 and 175, respectively.

(5) Mr. Kamaluddin Ali Khan was similarly promoted to Assistant Commissioner, 4th Class, on Rs. 250 from Amildar on Rs. 150 in November 1891, when he was 47 years old.

(6.) Mr. Handin was an Inspector of Police of long standing and 40 years old, when he was appointed 4th Class Assistant Commissioner in August 1889.

And (7.) Mr. Srinivasacharlu (the details of whose previous appointments have not been reported) had held various ministerial appointments and was Assistant Manager, Dewan's Office, when in November 1891, he was appointed Probationary Assistant Commissioner.

These seven officers, owing to their age, and previous long service in subordinate grades, at time of entering the Assistant Commissioners' grade, are entitled to some consideration in the matter of passing the Departmental Tests, and though it is not possible to exempt them altogether from passing these Tests so long as they continue to be borne on the Assistant Commissioners' list, yet the Government have been willing to allow them ample time to prepare for them. Several of these officers have not however taken advantage of the opportunity thus afforded them.

4. In the case of the seven younger officers named in the above mentioned list who all entered the superior grades at or about the commencement of their service, there is no excuse whatever for their neglect to qualify themselves. This neglect is generally not the result of incapacity, but is due in nearly all cases to apathy and indolence; most of them cannot even plead having appeared and failed as a small palliative for their omission. It is therefore necessary finally to point out to them that the Government cannot allow unqualified men to encumber the Assistant Commissioners' grade, to the prejudice of the interests of the service and the convenience of the Government.

5. As regards the seven officers in the foregoing list lent to the Police Department, it is only necessary to remind them of the warning contained in Proceedings No. 450—60, dated 1st November 1891 and No. 15322—3658, dated 18th March 1893, under which their names are liable to be removed from the list of Assistant Commissioners, if by November 1894 they should be found to be still unqualified. The Government desire that promotions within the limits of the Assistant Commissioners' grade should (except where supersession is adjudged as a punishment) go by seniority, provided the officers have qualified themselves for promotion by passing the prescribed Examinations. Under such circumstances the Government will allow the officers in question to retain their relative positions among Assistant Commissioners on the understanding that they will by November 1894 complete the prescribed Tests.

6. The other 7* officers named in the margin will be called upon to state whether they intend to appear next year for the Tests they have yet to pass, and why they did not appear for them this year. A reply to this is requested by the end of January next.

*Mr. C. V. Raghavacharlu.
„ M. Annaji Rao.
„ H. Nanjundaraj Ars.
„ Naranaiengar.
„ Mir Kamaluddin Ali Khan.
„ R. B. Plumer.
„ V. Srinivasacharlu.

7. If Mr. Annaji Rao, Mr. Naranaiengar, Mr. Mir Kamaluddin Ali Khan and Mr. Srinivasacharlu—all with considerable previous service in subordinate grades—apprehend that they cannot at their age appear for the Examination with any prospect of success, the Government will, on receipt of such intimation from them, consider the advisability of placing them on a separate list of Extra Assistant Commissioners with salaries on a lower scale than those for Assistant Commissioners, on the principle which is adopted elsewhere to meet the case of deserving members of the subordinate grades of the service.

8. Owing to the large number of Assistant Commissioners not qualified by Examination, there now exist 4 vacancies in the 2nd Class and 5 in the 3rd Class. To fill these vacancies with the qualified officers now available for the duties of Assistant Commissioners, the following promotions are necessary :—

1.	Mr. K. Ramachandra Rao	From the 3rd to the 2nd Class.
2.	„ N. Narasim Iyengar	From the 4th to the 2nd Class
3.	„ K. S. Doraswami Iyer	
4.	„ N. Venkata Rao	
1.	Mr. A. Raghavendra Rao	From the 4th to the 3rd Class.
2.	„ B. Ramaswami Iyer, B. A. ..	
3.	„ B. Ramaswamaiengar ...	
4.	„ T. Paramasiva Iyer, B. A. ...	
5.	„ C. Srikantesvara Iyer, B. A., B. L. ...	
6.	„ C. Rama Rao	

But it is considered undesirable to promote any officers from the 4th to the 2nd Class, before they put in some service in the intermediate 3rd Class and the Government accordingly resolve to hold in abeyance three of the four vacancies in the 2nd Class.

9. The Government under the above circumstances direct the following promotions of Assistant Commissioners with effect from 1st December 1893 :—

Mr. K. Ramachandra Rao, from the 3rd to the 2nd class.

1.	Mr. N. Narasim Iyengar ...	From the 4th to the 3rd Class.
2.	„ K. S. Doraswami Iyer ...	
3.	„ N. Venkata Row ...	
4.	„ A. Raghavendra Rao ...	
5.	„ B. Ramaswami Iyer ...	
6.	„ B. Ramaswamaiengar ...	
7.	„ T. Paramasiva Iyer ...	
8.	„ C. Srikantesvara Iyer ...	
9.	„ C. Rama Rao ...	

1. **Mr. B. J. Kumarasawmi Naik, B. A., from the Probationary to the 4th Class.**

10. The actual strength of the 4th Class will, under the above arrangement, be as follows :—

1. Mr. M. Annaji Rao.
2. „ H. Nanjundaraj Ars.
3. „ Naranaiengar.
4. „ Mir Kamaluddin Ali Khan.
5. „ B. J. Kumarasawmi Naik.

showing a deficiency of 6 officers to complete the sanctioned scale of 11 officers in this Class.

11. In order to make up in part the complement of officers required, the following officers of standing selected from the subordinate service have been doing duty as Acting and Extra Assistant Commissioners :—

1. Mr. B. Kuppuswami Naidu.
2. ,, K. Ramanujaiengar.
3. ,, Abdul Aziz.
4. ,, B. Ramaswamaiengar.

These will now be confirmed with effect from 1st December 1893 and placed on a separate list of *Extra* Assistant Commissioners on Rs. 250 a month.

12. The present Sub-Judges of the 2nd Class on Rs. 400 namely :—

1. Mr. M. Ramaswami Iyer, B. A., B. L.
2. ,, S. R. Subaraya Iyer, B. A.

and 3. ,, H. V. Nanjundaiya, M. A., M. L.

will be allowed* to draw their first increment of Rs. 50 with effect from 1st November 1893, and the names of the two last named officers will be removed from the list of Assistant Commissioners and placed permanently on the list of Subordinate Judges.

* Under orders of 26th November 1892.

13. The rule of promotion by increments prescribed for Sub-Judges of the 2nd Class in Proceedings No. 201—22, dated 26th November 1892, should also apply to an Assistant Commissioner on Rs. 400 appointed as City Magistrate. Mr. S. Veidyanatha Iyer, Acting City Magistrate of Bangalore, will accordingly be confirmed in that appointment on Rs. 450 from 1st November 1893 and allowed to rise to the maximum pay of Rs. 500 in two years from that date. Mr. Panchanatha Rao, an Assistant Commissioner, on Rs. 450, will also be confirmed as City Magistrate of Mysore on the maximum pay of Rs. 500 with effect from date on which he was relieved of the temporary charge of the French Rocks Sub-Division, but on the understanding that Mr. Coopooswamy Mudaliar has a prior lien upon the appointment when he could be relieved of his present Municipal duties. The names of the two City Magistrates should also be removed from the list of Assistant Commissioners and placed in that of the Judicial Establishment. The Gumbaz allowance formerly enjoyed by the City Magistrate, Mysore, must cease in accordance with the orders passed on the appointment of the Muzarayi Superintendent who must arrange for the management of the Gumbaz affairs by himself with the aid of local officers at Mysore and Seringapatam in communication with the Deputy Commissioner. The City Magistrates, Bangalore and Mysore, must be relieved of all work other than the City Magisterial work which shall include all Subordinate Magistrate's cases within the City, thus relieving the City Amildars and other Magistrates employed in the District of this Class of Magisterial work. These orders are intended for general guidance and will not of course interfere with the District Magistrate's discretion under the Criminal Procedure Code.

14. Mr. K. Ramaswamaiengar, Assistant Superintendent, Revenue Survey, will, under the order of 18th March 1893, be granted promotion to Rs. 300 per month from 1st November 1893, but the Government are unable to place him on the permanent list of 3rd Class Assistant Commissioners as he has yet to pass the Civil Examination Part I. Subject to his passing this Examination next year, he will be given temporary rank in the 3rd Class of Assistant Commissioners. He is not entitled to exemption from this Examination under Rule 8 of Notification dated 15th May 1893, as his service as Amildar and in the Survey Department was for a period of only 9 years and 2 months from September 1883 to November 1892.

15. Mr. K. Srinivasa Row, Vice-President, City Municipality will, in accordance with the orders of 18th March 1893, be given the temporary rank of Assistant Commissioner, 4th Class, on full pay with effect from 15th November 1893. He is not entitled to exemption from passing Civil Examination, Part I, as his services as Amildar and in the Survey Department was for a period of only 8 years and 3 months from August 1884 to November 1892. The Government find it impossible to follow Mr. Srinivasa Row in his arguments as contained in his letter, dated 10th April 1893. He was appointed Survey Assistant Superintendent, 3rd Grade, on Rs. 200 on 15th November 1890. Under the Rules of the Survey Department he could, if he continued to serve in it, have risen to the 2nd Grade on Rs. 250 on 15th November 1893 and to the 1st Grade on Rs. 300 on 15th November 1896. All he can reasonably ask is that he may be allowed to remain altogether outside the Assistant Commissioners' Grade till 15th November 1896 when, if qualified by Examination and otherwise, he might be placed in the list of Assistant Commissioners of the 3rd Class on Rs. 300. But even such an argument cannot be regarded as sound as it presumes that training as Vice-President of a City Municipality for 4 years is equivalent to a training in the Survey Department for an equal period, for the purpose of qualifying an officer for Executive Revenue duties.

16. Another Assistant Superintendent returned by the Survey Department is Mr. Adul Kharim. He seeks employment in the Revenue Department under the orders of 13th June 1889. He was appointed Assistant Superintendent, Revenue Survey, 1st Class, on 1st November 1890, but has only passed the Revenue Examination this year. He can, as a special case, be exempted from passing the Civil Examination, Part I as he had been employed in the Revenue Survey for very nearly 10 years from November 1882, till September 1892, and had 4 years previous service in the Forest Department. But he must yet pass the Criminal Examination. Before passing this Examination he cannot be invested with any Magisterial powers and as it is undesirable to have as an Assistant Commissioner an officer who cannot be invested with Magisterial powers, he must continue to be employed in the Forest Department as at present, till he passes the Criminal Examination, when he can be transferred to the Revenue Department if, in the meantime, other suitable employment is not found for him. Subject to the above conditions his name will be placed in the 3rd Class of Assistant Commissioners with effect from 1st November 1890.

17. Another Assistant Superintendent, Revenue Survey, 1st Grade, Mr. D. Shama Rao, applies to be placed in 3rd Class of Assistant Commissioners with effect from 3rd November 1891. He is exempted under Rule 8 of Notification dated 15th May 1893 from passing the Civil Examination as he has a service as Amildar and in the Survey Department of nearly 15 years; as regards Criminal and Revenue Examinations he comes under clause (D), para 7 of Notification dated 15th May 1893.

18. Under the foregoing orders the list of Assistant Commissioners, Scheduel A will stand as follows:—

Class.	Name.	Date of Appointment to present Class.	Condition, if any, to which rank among Assistant Commissioners is subject.	Employment in other appointments, &c.
I Class on Rs. 450.	1. Mr. N. Chelvaiengar	13th April 1890 ...	...	Assistant Superintendent, Revenue Survey.

	3. „ Abdul Aziz ...	... Do ...		
	4. „ B. Ramaswamaiengar	... Do ...		

19. The Comptroller will submit for the information of Government a list showing the age of each officer named in the above statement, together with the period of his eligible service up to 31st December 1893.

20. Probationary Assistant Commissioners of Schedule B have to qualify themselves for promotion as Assistant Commissioners as follows :—

	Name.	Examinations remaining to be passed.
1.	Mr. R. Laing-Meason	Civil, Revenue, Kanarese and Equitation.
2.	Mr. K. S. Chandrasekharam Iyer, B.A., B. L.	Kanarese and Equitation.
3.	Mr. K. R. Srinivasa Iyengar, M. A. ...	Do do and Civil, Part II.
4.	Mr. C. Devaraj Ars	Civil and Equitation.

They will be called upon to state when they expect to complete their Tests as above.

T. ANANDA ROW,
Chief Secretary.

To—The Chief Judge.
The Survey Superintendent.
The Inspector General of Forests.
The Comptroller to Mysore Government.
The Deputy Commissioners of Districts.
All the Assistant Commissioners, and
All the Probationary Assistant Commissioners.

READ :—

Chief Judge's letter No. A., dated 13th November 1893.

READ :—

Proceedings No. 837—38, dated 10th December 1891.

CAMP NO. 287—88, DATED MYSORE, 4TH DECEMBER 1893.

ORDER THEREON.—The Chief Judge again submits for the sanction of Government the proposal of December 1891 for the abolition of the last grade of Munsiffs on Rs. 150 a month and the substitution in its place of a grade of Rs. 150 a month, rising after two years' approved service to Rs. 200 a month. The measure proposed appears necessary in order to attract to the Munsiff service a better class of qualified men chiefly from the legal profession, as well as generally to improve the status of this class of officers. The Government accordingly resolve to adopt, in lieu of the present last class, one on Rs. 150 rising to Rs. 200 a month, after an approved service of two years, provided that it will always be within the discretion of the Chief Court to give to any person newly appointed to this class the maximum salary of Rs. 200 a month on the ground of professional experience or other special qualification.

2. The present scale is as follows :—

2 in a Special Class on Rs. 300
4 in 1st Class on Rs. 250
6 in 2nd „ „ 200
and 6 in 3rd „ „ 150

By converting the last class to one on Rs. 150 rising to 200, the maximum sanctioned number on Rs. 200 will practically be 12. In order to provide a due proportion of officers in the various classes, the Government sanction the following scale with effect from 1st January 1894 :—

2 in 1st Class on Rs. 300
6 in 2nd „ 250
10 in 3rd „ 150 rising to Rs. 200 after two years' approved service.

The increase in cost is Rs. 4,800 per annum. The increase recommended by the Chief Judge of the salary of the Deputy Registrar to Rs. 250 a month and of that of the Assistant Registrar and Manager to Rs. 200 a month is also sanctioned with effect from 1st January 1894.

3. The recommendation as regards the Registrar's pay has been disposed of by another order.

By Order,

T. ANANDA ROW,
Chief Secretary.

To—The Chief Judge of Mysore.
The Comptroller to the Mysore Government.

READ:—

Endorsement dated 30th November 1893, from Mr. R. Vijayindra Row, on Special Duty, forwarding B. Krishnasing's explanation regarding a letter written by him and published in the "Daily Post" newspaper headed "Native States and the Opium Commission"

CAMP NO. 298—331, DATED, MYSORE, 10TH DECEMBER 1893.

ORDER THEREON.—Krishnasing will be informed that he ought not to have written the letter in question. Government cannot allow any State Official, high or low, to discuss in newspapers or otherwise the relations between the Darbar and the British Government or the rights and obligations involved.

T. ANANDA ROW,
Chief Secretary.

To—R. Vijayindra Row, Esq., on Special Duty,
for information and communication to Krishnasing.
Copy to Heads of Departments, and Deputy Commissioners of Districts for information and guidance.

No. 9326—G. F. 43-92, DATED, BANGALORE, 12TH DECEMBER 1893.

ORDER.—The following Rules are laid down for general information and for the guidance of the Comptroller in the preparation of the Gradation List of Officers:—

1. When several Officers are appointed to the same grade by the same order, their relative rank must follow the order of dates, if any, expressly specified for giving effect to the various appointments. If there is no specification of such dates, or, when the same date is specified for all, their rank must follow the order in which the names are entered.
2. In the case of a batch of Probationary Assistant Commissioners or other Officers appointed at or about the same time, the Government do not generally settle their relative rank at the time of such appointment. Such rank cannot be finally settled before the Probationary period is over and the Probationary Officers are appointed to the regular grades. When this is done, their relative rank should be deduced from the order of appointment in accordance with the principle laid down in the preceding Rule.
3. Similarly when several Officers of the subordinate grades are from time to time appointed to *act* in the superior grades, their relative rank must not follow the dates of their *acting* appointments, but must be deduced from the terms of the order or orders confirming them, on the principle laid down in Rule 1 above. Acting appointments are made with reference to the convenience of the moment, so that it sometimes happens that the best men entitled to promotion are not the first to get the acting appointments.

T. ANANDA ROW,
Chief Secretary.

To—The Comptroller to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 19th December 1893.

READ AGAIN :—

Dewan's Memorandum, dated 17th August 1886, issuing orders on a dispute relating to the use of a drinking water well at Sidlaghatta by Native Christians.

I. The question is a delicate and difficult one, but it must receive some solution immediately.

II. If the Hindus do not (as by long established usage, they cannot) object to Muhammadans using the well in question, they cannot consistently object to its being used by Christians. There can be no authority in the Hindu Sastras for treating one class of non-Hindus, the Muhammadans, differently from another class of non-Hindus, the Christians, in such matters.

III. It must be accepted as a first principle that every subject of the Maharaja must be protected from unjust molestation without reference to his caste or creed. I readily admit that in the practical application of this principle, the officers of Government have to be guided to a large extent by the concrete facts surrounding the particular problem of solution.

IV. Custom in the particular instance, and if there could have been no custom in the particular instance because of no Christian families having previously resided in Sidlaghatta, then, the analogy of customs elsewhere existing under similar circumstances should be our guiding principle.

V. The Deputy Commissioner in his letter to Mr. Rice refers to custom existing in other places such as Chikballapur. What are the places he refers to and under what circumstances are Christians excluded from using the public wells at those places? At any such place did Christians attempt to use a public well and were they prevented from so doing: if so, when and under what circumstances and under what express orders? Or, was a separate well expressly assigned for the Christians before complaints from either party? Are there any records which will throw any light upon the subject as regards any particular place? By studying such records, or if such records be not forthcoming, then by careful local enquiry, the Deputy Commissioner should ascertain the policy of Government in the past and shape his action in the present instance in accordance with such policy.

VI. In the case of Sidlaghatta, it is alleged,

1st. That a Christian family resided there four years ago for 9 months and they used the well in question without any molestation from any one.

And 2ndly. That the particular Christian family now residing there have themselves used the well in question without any molestation from February to July last.

What are the facts? If there was such use by a Christian family in the past and the Hindus did not consider the water to be polluted (!) by such use, why should they consider similar future use to cause such pollution. This will probably furnish the Deputy Commissioner some clue to the real solution.

VII. The Deputy Commissioner has too readily accepted the Police Inspector's statement as to the probability of a breach of the public peace. There is no ground (as far as I can see) for apprehending a breach of the public peace and the final decision in the case cannot be based upon any such ground.

VIII. If the use of the public well by the Christian family will, in all probability, prevent the rest of the inhabitants of Sidlaghatta from using the well in

question, that would be an unanswerable reason for excluding the Christian family. But such a reason could not exist in the present case if, as alleged, the well had, on previous occasions, been openly used by a Christian family without the result of the Hindus ceasing to use it.

* * * * *

* * * *

XI. The Deputy Commissioner should give this subject his immediate and best consideration. If he is prevented by other work from doing so, he must depute Mr. Krishnaswamaiengar to proceed at once to Sidlaghatta and after careful enquiry, settle the dispute in some *satisfactory amicable way.* It is not necessary to refer to me for previous orders in regard to such a settlement. He can enforce the settlement, if necessary, as an avowedly temporary measure subject to the final orders of Government upon a report which should be submitted in full as quickly as possible.

---

2. Assistant Commissioner Mr. Krishnaswamaiengar's Memo, dated 26th September 1886, reporting on the settlement of the above dispute.

In pursuance of the orders of the Dewan contained in his Memo of the 17th August, I proceeded to Sidlaghatta in connection with the question of fresh water well about the use of which a dispute arose between the inhabitants of Sidlaghatta and a Native Christian newly settled at the place.

2. As desired in para XI of the Memo, I reasoned with the inhabitants of Sidlaghatta and after some argument and persuasion, I succeeded in bringing about an amicable settlement of the question, the result of which is embodied in a Mutchalika, accompanying this Memo, executed by both the contending parties. It will be seen from it that the citizens of Sidlaghatta on their part agree to the Native Christian, who by the way belonged to a high caste before conversion, using the well, provided that he does not mix with the Madigars or Holeyars, and that he does not employ such out-caste servants for bringing water from the well. The Native Christian on his part indignantly denied that he would ever mix socially with a Madigar or Holeyar Christian, and that he would ever employ them as his domestic servants.

READ:—

Letter, dated 7th August 1893, from the Revd. J. Hudson, General Superintendent, Wesleyan Mission, to the Dewan of Mysore.

With reference to the letter addressed to you by our District Synod in January on the use by Native Christians of the public wells and my further communications of March 23rd and June 3rd, I have the honor to state that the Bangalore Missionary Conference has decided for the present only to press for a Government order assuring to Christians who before baptism had the right to use the public wells the maintenance of that right after baptism.

I beg to enclose a paper giving an account of a number of cases in British Territory, and I wish to be allowed especially to point out that the action of the Deputy Commissioners of Bangalore and Tumkur has been opposed to your own instruction in the Sidlaghatta case, and to the decisions given in other parts of India.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 19th December 1893.

No. 9566-85—G. 2255, dated, Bangalore, 19th December 1893.

Order thereon.—The Government have no hesitation whatever in giving the assurance asked for by Revd. J. Hudson in the letter above read, to the effect that Christians who, before baptism, had the right to use a public well, will, after baptism, continue to have the same right and be entitled to exercise it to the fullest extent possible.

2. The Government note with satisfaction that for the present at least, the Wesleyan Mission abandon their request for a declaration of the right of all "respectable" Christians to use public wells reserved for caste people, thereby obviating the necessity for a decision on such difficult questions as the following:—

Whether (as stated in Revd. Hudson's letter, dated 24th January 1893) under the term "respectable" Christians, should be included "not merely those who formerly belonged to a recognized caste, but all who by education and culture are now fitted to occupy a position in society,"

or whether (as appears to have been stated by Revd. Hocken) caste Christians and the issue in the third or fourth generation of non-caste converts should be admitted to use public wells reserved for caste people, excluding therefrom only non-caste men converted in this generation,

or whether (as was raised in the Sidlaghatta case) any difference should be recognized as regards the right in question between a caste Christian associating with non-caste Christians and one not so associating.

3. Though such and similar other questions do not now actually arise for disposal, yet the Government deem it desirable to take this opportunity to express their full adherence to the principles contained in the orders of 17th August 1886 and further to lay down the following general rules for the future guidance of local officers and others concerned:—

(1) That change of religion cannot be regarded as involving any forfeiture of civil rights previously enjoyed.

(2) *Per contra*, change of religion cannot be regarded as conferring any such new rights not previously enjoyed, but it shall be the duty of every public servant to discourage by every lawful means in his power all unnecessary discussion regarding such rights.

(3) Municipal or other authorities, providing new sources of water-supply, have the power to allot them to different specific sections of the community, having due regard to their actual requirements, comfort and convenience.

(4) All interference (with the object of asserting a supposed right or for any other purpose) with the customary, actually existing or expressly prescribed, allotment of sources of drinking water must be prevented, not only on the ground of general inconvenience to the public, but also on the ground that such interference is likely to rouse and promote a feeling of religious animosity and race-hatred, which it is the duty of every public functionary carefully to avert.

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Police in Mysore.
The Deputy Commissioners of Districts.
The Presidents of all Municipalities.
} For information and guidance and to the Inspector General of Police also with a request that he will circulate among all Police officers a carefully prepared translation of these orders.

The Revd. J. Hudson, General Superintendent, Wesleyan Mission, Bangalore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 19th December 1893.

READ :—

Letter from the Superintendent of Stationery, No. 221, dated 5th May 1893.

No. 9619-54—G. F. 85-92, DATED, BANGALORE, 19TH DECEMBER 1893.

ORDER THEREON.—With the letter read above, the Superintendent of Stationery submits three Statements marked A, B and C, showing details of expenditure under the head Stationery during the year 1891-92, prepared as directed in Government docket No. 4951—447½, dated 10th June 1892. The statements have been prepared for 12 months ending 31st March 1892. It will be seen that the value of Stationery supplied to the various Departments during the period amounted to Rs. 49,153—1—5, distributed as shown below :—

1.	Revenue Departments, Executive	4,758	2	2
2.	Judicial Departments including Chief Court and Jails ...	4,612	5	1
3.	Police Department	1,494	13	5
4.	Financial Departments including Treasuries ...	1,878	8	3
5.	Forest Department	832	1	5
6.	Medical Department	623	14	4
7.	Head-Quarter Offices and the various Secretariats and Officers	14,956	10	7
8.	Paper issued for printing purposes	19,996	10	2
	Total Rs.....	49,153	1	5

2. The sanctioned estimate under Stationery for 12 months ending 31st March 1892 was Rs. 38,000. The Stationery expenditure for 15 months ending 30th June 1892 amounted to Rs. 52,128 against an estimate for that period of Rs. 47,500.

3. From the marginal Comparative Statement which exhibits the cost of Stationery during past 11 years, it will be seen that the Stationery expenditure has been yearly on the increase. Within the past 7 years, the expenditure has more than doubled itself. The Government have reason to believe that there is large room for some saving in the Stationery charges. The cost of Stationery in the Revenue Department of the several Districts varied from *394 in Chitaldroog to *931 in Mysore. While Shimoga spent only 463, it is not clear why Hassan required 642. More attention should be used in future in the expenditure of Stationery. It was only recently that the Superintendent of Stationery brought to notice certain instances of somewhat larger demands for valuable D. O. Stationery than what seemed to be obsolutely required. Superior D. O. Stationery paper and envelopes, it must be understood,

*Years.	Budget.	Actuals.
1881-82	52,412	47,882
1882-83	45,000	43,248
1883-84	20,000	26,604
1884-85	20,000	20,716
1885-86	23,000	23,835
1886-87	25,000	30,722
1887-88	25,000	27,593
1888-89	30,000	31,933
1889-90	32,000	34,951
1890-91	36,000	42,393
1891-92 (12 Months)	38,000	49,153
Do (15 do)	47,500	52,128

	Rs.

Bangalore	703
Hassan	642
Kolar	591
Kadur	538
Tumkur	495
Shimoga	463
Chitaldroog	394

are to be used only by the principal Officers of the Administration and Heads of Departments and very sparingly. With strict attention on the part of all the Heads of Departments concerned to the existing rules for regulating the supply and consumption of Stationery, the Government expect that the expenditure under the head can be maintained within proper and moderate limits.

4. The statements under review are the first of their kind. They do not show the details of Stationery supplied to each office. In future, the Superintendent of Stationery is requested to submit his annual statements in a form which will be separately issued to him, and with full explanations for all important variations in expenditure.

T. ANANDA ROW
Chief Secretary.

To—The Superintendent of Stationery and Stores in Mysore.
The Comptroller to the Government of Mysore.
All Heads of Departments.

No. 9946—G. F. 453-92, dated, Bangalore, 23rd December 1893.

Order.—By Orders No. 8307—G. 2023-92, dated 10th December 1892, the Officers of the Mysore Local Service, were, as a temporary measure, permitted to remit to England for the support or education of members of their families dependent upon them in England, any sums, not exceeding a moiety of their salaries at 1s. 4$\frac{3}{4}$d. per rupee, on requisitions of the Comptroller on Messrs. Coutts and Co., London. In April 1893, the Mysore Government further intimated its intention to prescribe for such remittances a further limit by way of an annual maximum amount.

2. The Government of India, in their Financial Resolution No. 3624A of 18th August 1893, sanctioned for British Officers, European or Eurasian, not domiciled in India an Exchange compensation allowance equivalent to the difference between the rate of 1s. 6d. per rupee and the actual market rate, on one-half the salary, but not exceeding a maximum limit of £1,000 per annum.

3. The Government of His Highness the Maharaja are unable to apply to the Officers of the Local Service the Rules of the Government of India described in the preceding para in their entirety. The question of domicile is one always difficult satisfactorily to solve, and, as the intended relief is for the express purpose of compensating Officers for the extra cost of English remittances due to the depreciation of the rupee, it will meet all legitimate requirements to give to local officers the concession of making remittances at the special privileged rate of 1s. 6d. the rupee, to the extent actually necessary for the support or education of members of their families resident in England, provided that in no case shall such remittances exceed one-half of the monthly salary or a total of Rs. 15,000 per annum. Until further orders such remittances may continue to be made, as hitherto, by requisitions of the Comptroller upon Messrs. Coutts and Co., London.

4. Under such circumstances His Highness the Maharaja's Government are pleased to direct the adoption until further orders of the following Rule in lieu of the one contained in Proceedings No. 8307—G. 2023-92, dated 10th December 1892 :—

"Officers belonging to the Mysore Local Service will be permitted to make "family remittances to England at a special privileged rate of "exchange, which for the time being, is fixed at 1s. 6d. the "rupee, by requisitions of the Comptroller on Messrs. Coutts and "Co., London, provided that such remittances shall in no case "exceed the Officer's monthly salary or a maximum limit of "Rs. 15,000 per annum, and provided further that any application "for such a remittance is accompanied by a certificate in the fol- "lowing form signed by the applicant" :—

"Certified that the remittance desired is *bonâ fide* for the support (or educa- "tion) of members of my family dependent on me in England." "

5. The above rule shall come into effect from 1st January 1894, but, as regards remittances already made by Local Officers since 1st April 1893 up to 1st January 1894, they will be allowed the benefit of the privileged rate now sanctioned of 1s. 6d. the rupee. The difference between this rate and 1s. 4⅜d. calculated on the actual remittances between 1st April 1893 and 1st January 1894 will be paid to the Officers concerned, by the Comptroller, and charged in the accounts as "Exchange Compensation allowance of Local Officers."

6. As regards the Exchange Compensation allowances of British Officers lent to the State, the sanction of the Government of India, applied for in Chief Secretary's letter to the 1st Assistant to the Resident No. 6821—G. F. 453-92, dated 9th October 1893, is awaited.

T. ANAND AROW,
Chief Secretary.

To—The Comptroller to the Mysore Government for information and guidance.
Copy to the Officers affected by this Order.

Exd.—A.N.S.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),— dated 21st December 1893.

No. 11263-70—G. 2401, DATED, BANGALORE, 21ST DECEMBER 1893.

ORDER.—In supersession of orders contained in Proceedings No. 5674-81—G. 1281, dated, Bangalore, 19th September 1893, the Government are pleased to lay down the following rules for the guidance of Deputy Commissioners and Sub-Division Officers:—

The Government attach very great importance to all Deputy Commissioners and Sub-Division Officers being always accessible to petitioners both when at Head Quarters and when travelling within their Districts or Sub-Divisions. Subject to this important condition, which it is understood is generally followed, they should at some appointed time during office hours (11 A. M. to 5 P. M.) and on every working day receive in person such petitions as may be presented to them and then and there publicly hear the petitioners if present. If the petitions thus received and heard are at once disposed of, the petitioners present should be informed of the orders passed and endorsements containing such orders should afterwards be given them with all possible speed.

The daily receipt and hearing of petitions as above should always take place at the Officer's public office when he is at Head Quarters and at his place of business when he is in camp.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Districts for information and guidance and for communication to Officers in charge of Sub-Divisions.

READ:—

Again Government Proceedings No. 4256-7—G. F. 89-92, dated 31st August last calling for a detailed estimate for a provision of Rs. 5,000 ordered to be made in the Budget for 1893-94 on account of the Vaccine Institute and calling for a report on the working of the Institute during 1892-93.

Read letter No. 253, dated 30th October 1893, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting the estimate and report called for.

No. 11047-8—G. F. 89-92, DATED, BANGALORE, 23RD DECEMBER 1893.

ORDER THEREON.—The estimate submitted by the Senior Surgeon slightly modified in this office is passed as shown below :—

ESTABLISHMENT.

					Rs.	Rs
1	Clerk on	...	...	...	25	300
2	Vaccinators	...	...	...	25	600
1	Peon on	...	...	...	7	84
2	Watchmen on	...	..	...	7	168
						1,152
Cost of calves and feeding charges				...	...	3,348
Contingencies		..	..	...	...	500
						5,000

2. The pay of the Assistant Surgeon in immediate charge will also be debited to the Vaccine Institute.

3. The report submitted by the Senior Surgeon will be separately reviewed.

T. ANANDA ROW,
Chief Secretary.

To—The Senior Surgeon and Sanitary Commissioner.
The Comptroller, Mysore Government.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 31st December 1893.

READ :—

1. The following order contained in Government Proceedings No. 15400-1—G. F. 137-92, dated 20th March 1893 :—

(Letter No. 2384—174, dated 5th November 1892, from the Inspector General of Forests.) The Inspector General of Forests in the foregoing letter recommends a salary of Rs. 400 per month to Mr. Abdul Karim who has been re-transferred to the Forest Department from the Revenue Survey Department.

2. The recommendation is based altogether upon misapprehension, for Mr. Ricketts regards the fixed tentage and travelling allowances Mr. Abdul Karim was drawing when employed in the Revenue Survey as part of his salary. These allowances have been fixed, the Government believe, at rates not likely to leave any balance of profit to the officer concerned, but if it can be shown that, as a matter of fact, some profit accrues to him after meeting all *bonâ fide* expenses connected with travelling and providing accommodation for himself and office, that is a reason for revising the scale of allowances in force in the Revenue Survey, but it certainly is no reason whatever for compensating an officer for loss of the allowances in question owing to his transfer to another Department where Government provide the tents required for his use and pay his travelling allowance bills.

3. Mr. Ricketts refers to the prospect of advancement to the grade of Assistant Commissioners held out to Assistant Superintendents of Revenue Survey in Proceedings of 13th June 1889. That prospect by para 2 is expressly restricted to Revenue Survey Assistant Superintendents of 1st grade who have given "proof of exceptional capacity for Revenue executive work." The Government do not wish to be understood to say that Mr. Abdul Karim does not possess such capacity, but all they are so far able to say is that he has had no opportunity during his employment in the Survey or Forest Department, to show what capacity he possesses for Revenue executive work. The Government will be willing if he desires it, to give him employment in the Revenue, instead of in the Forest Department, and should he, during such employment, prove himself a specially capable executive Revenue Officer and also qualify himself by passing the prescribed examinations, he will be placed in the grade of Assistant Commissioners in accordance with para 2 of the Proceedings of 13th June 1889. A definite report of his wishes in the matter should be submitted before the 31st instant.

4. It only remains to point out that Assistant Superintendentships of Survey and Assistant Conservatorships of Forests are co-ordinate offices to which identical salaries are attached so as to obviate a discussion such as that which has been started in this case.

5. Mr. Abdul Karim should be regarded as an Assistant Conservator of Forests of 1st grade from the date of his re-transfer to the Forest Department.

PART I.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

DECEMBER 1893.

Petition No. 2769 of 1892-93.

Appellant .. Lakkegauda of Nirlahalli, Arkalgud Taluk, Hassan District.

Decision.—Petitioner's lands, No. 57 of Nirlahalli, No. 102 of Vaddarhalli, were sold for arrears of Revenue on the following dates:—

57 of Nirlahalli on 23rd December 1886.
102 of Vaddarhalli on 21st December 1886.

The sale of No. 57 was confirmed on 4th March 1887. The sale of No. 102 was not confirmed. Petitioner appealed on 31st August 1888 against the sale of both the lands, and the Government cancelled the sale of No. 102 as its sale had not been confirmed, but took no notice of No. 57. Petitioner now requests that the sale of No. 57 also may be cancelled as the grounds of cancellation are the same for both the numbers.

2. Petitioner will be informed that the sale of No. 57 having been confirmed so long ago as March 1887, and the Petitioner having failed to pay even the sum properly due by him, which led to the sale of the land, it cannot be now cancelled. The appeal is dismissed.

No. 8884—P. F. 63-93, DATED, 2ND DECEMBER 1893.

Communicated to the Deputy Commissioner, Hassan District, with proceedings.

Appeal No. 168 of 1892-93.

Appellant.	*Vs.*	*Respondent.*
Nirvanegauda of Nallur, Chikmagalur Taluk, Kadur District.		Kallegauda.

Decision.—Appellant's father and Respondent were joint Patels of Nallur and 3 Dakhala villages In 1874, the then Deputy Commissioner divided the charge and appointed Appellant's father Siddegauda as the Patel of Nallur, and Respondent as Patel of the Dakhala villages The Respondent often tried to collect revenue from the raiyats of Nallur, but he was as often reprimanded, and even fined for his interference. But in February 1893, the Deputy Commissioner decided that as the Respondent has shown by *Vasulpatti* for 1879 that he did collect the revenue from some raiyats of Nallur, it may be presumed that it was "*Mamul*" for him to do so, and that therefore he might continue to collect the revenue. The appeal is against this order.

2. At the hearing, the Respondent has explained that the right he claims is only to collect the revenue from the raiyats who cultivate lands in his Dakhala villages, wherever they may reside, whether at Nallur, or in the Dakhala villages,
